

Britain Will
Keep Bond To
"Free Nation"
Says Observer

(Editor's Note: Can Indians and Moslems work together in government? DeWitt MacKenzie, The Gettysburg Times, war analyst, discusses this in his Monday's article. The following is the sixth in a series of ten articles.)

By DEWITT MACKENZIE

Does England really desire a settlement of the Indian crisis or is she playing the factions against each other in the hope of postponing the granting of independence and thereby retaining her hold on this vast subcontinent?

Inevitably we come up against this question even though we accept the widely held belief that the British-Indian controversy is susceptible of settlement if the government would take the initiative. It's a matter of constant comment among both Indians and neutral observers. As a matter of fact, one generally hears it in the form of a flat accusation rather than a query.

Well, what's the answer? India maintains that British Premier Churchill himself gave the reply in a speech at the London Lord Mayor's banquet last November when he declared:

Only Circumstantial

"I have not become the king's first minister in order to preside over liquidation of the British empire."

That was a "natural" from the Indian standpoint, and it has become one of the most quoted statements in current history. But when you make it apply specifically to India you are trying to read Churchill's mind, for he didn't mention India at all. It's circumstantial evidence.

Now, of course, you can hang a man on circumstantial evidence, and the Indians produce a lot of it to substantiate their claim that England has been pursuing a policy of "divide and rule." As a matter of fact, I've had a government official tell me that this was the policy followed.

Still, my investigations in India convinced me that we shall come close to the truth by further examination. Here it's important to note that we are not concerned with whether the government pursued a "divide and rule" policy in years past, but what its present policy is. I've examined a lot of well informed witnesses in the government camp and the position was this when I left India just before Mahatma Gandhi began his hunger strike:

After War Problem

The government of India had no intention whatever of reopening the question of Indian independence during the war. You can put an exclamation point after that. The grounds given for this stand included these:

1. The various Indian political factions were so embroiled among themselves that there was no responsible body to which power could be entrusted.

2. The country was being plagued by destruction of property and bloodshed, which the government attributed to the influence of Indian leaders, then in prison.

3. Some Indian leaders had been demanding immediate control of agencies vital to the direction of the war, despite their total inexperience in such things.

4. It would be dangerous to the Allied war effort to attempt to transfer power under such circumstances.

Sorry for Themselves

The government was wholly unimpressed by an apparent change of heart on the part of the Indian leaders. As I have explained in previous articles, the Indians had come to regret deeply the collapse of the Cripps negotiations over dominion status last summer. It was clear to me that they were sorry for themselves and were prepared to make concessions if the case could be reopened. They even were ready to join the war effort and leave its direction in the hands of the experienced British and Allied command.

However, repentance obviously had come pretty late. By that time, too, the government had the disorders well enough in hand so that it expressed complete confidence in its ability to keep the lid on. Moreover, the Allied victory in Africa, and other United Nations successes, had created a sense of security which wasn't calculated to encourage panicky concessions by officialdom.

Will Not Leave

In short the government was so thoroughly fed up with the political position that it was decided to let the whole matter rock until after the war. Observers even expressed the fear to me that England might get disgusted and quit India altogether.

I found nothing to support this idea of withdrawal, however. It isn't one of John Bull's characteristics to quit under fire.

Most Indians with whom I talked would consider it a disaster if England withdrew her support and guidance before a new constitution (Please Turn to Page 2)

Axis Attacks In Tunisia Are Repulsed

RED CROSS DAY IN CHURCHES OF COUNTY SUNDAY

Churches throughout Adams county and the nation will observe Red Cross Sunday tomorrow as pastors direct the attention of their congregations to the War Fund drive which will open on Monday on a national scale. Many of the churches will receive special collections to be turned over to War Relief fund.

On Monday, in Adams county, several hundred volunteer canvassers will begin a house-to-house campaign for funds for the Red Cross while special gifts committees and other groups assigned to solicit the industries will complete their task.

Urges Early Closing

Henry M. Scharf, War Fund chairman for Adams county, has urged his staff of volunteer workers to make every effort to complete the campaign for \$18,700 next week. Workers have been supplied with campaign materials and are ready to start work. In some sections of Gettysburg the canvassers will start Monday morning while others will begin their campaign in the afternoon. Otto Reinher, chairman of the missionary committee at the Gettysburg Lutheran seminary, with a staff of student helpers, will begin solicitations at 3 o'clock Monday afternoon in the section of town west of the railroad.

At the request of The Gettysburg Times, the Rev. Dwight F. Putnam, pastor of Christ Lutheran church and president of the Gettysburg Ministerium, issued a statement in connection with observance of Red Cross Sunday. The statement follows:

"Worthy Task"
"The greatest all-time program of mercy and relief, sponsored and put into effect by the American Red Cross, is now calling all Americans. Possibly never before in the long history of human need has such little investment meant as much to so many lives. It is wholly fitting and proper that there should be designated a Red Cross Sunday. Here is a definite role for the churches and a worthy task for all Christians everywhere. While individuals do contribute directly, let our congregations give attention to this most urgent effort of the Red Cross and support it in the name of the churches."

Sunday Is Last Day For Tire Inspection

Sunday is the last day for motorists holding B and C ration books to have their tires inspected under the mileage rationing plan, local rationing boards pointed out today. Failure to have the inspections made may bar future issues of gasoline ration books.

Sunday also is the final day for tire inspections for commercial vehicles while the tire inspection deadline for A book motorists is March 31.

Lady Luck Rides Bombers Through Heavy Assaults

By GLADWIN HILL

United States Bomber Station Somewhere in England, Feb. 27 (AP)—Lady Luck was an unlisted passenger on the U. S. Eighth Air Force's second Fortress-Liberator assault on Wilhelmshaven yesterday. It was an expedition of close shaves.

The Fortress "Southern Comfort," which has missed nine of 16 raids because she was shot up so badly on the other seven, got back almost on schedule this time although a four-foot square was clipped right out of the main rudder by shrapnel.

"That old North Sea looked wider than the Atlantic," Pilot Lieut. Hugh Ashcroft said. "I don't know how we made it. The fact we prayed might have had something to do with it. We were walking on a thin line for a while. I'm becoming a firm believer in the saying 'God Bless Boeving.'"

"Southern Comfort's" wings were peppered with nasty, jagged holes and there was a hole a foot long in the cowling of No. 3 engine. When she came in oil was streaming off her like water off a damp spaniel.

Among members of the crew was Top Turret Gunner Sergt. Stephen Gogolya of Pittsburgh.

Blackout Thursday

Harrisburg, Feb. 27 (AP)—Pennsylvania's first blackout rehearsal under the new Army air raid warning regulations will be held next Thursday, the state Defense Council disclosed.

Traffic will continue moving, but street lights will be extinguished at 8:50 p. m. on the first blue signal—a two-minute steady blast of sirens. Maryland and Virginia will participate.

Traffic will halt and a complete blackout will begin at 9:10 p. m. when the red signal—a series of short blasts continuing two minutes—is sounded. A second blue signal will be given at 9:20 p. m. indicating a return to conditions in effect after the first blue signal.

Philadelphia and Pittsburgh radio stations will give the all clear at 9:30 p. m., announcers repeating three times: "Air raid test—white—all clear." Air raid wardens also may blow their whistles to indicate the rehearsal's end.

EXPLAIN POINT VALUE SYSTEM TO RETAILERS

Grocers of this section—and volunteers who have offered to help the storekeepers next week in explaining to their customers the way in which the point rationing system works—were told that they can make an "important contribution toward winning the war by doing all in their power to make the food rationing system work" at a meeting held Friday evening in the court house.

The principal speaker was T. B. Young, representing the food distribution committee from the Harrisburg area. He stressed the importance of proper handling of foodstuffs in connection with the war effort and told the grocers it is their "patriotic duty" to report hoarding and cheating under the ration plan.

Explain Details

Details of the food rationing plan were explained by Donald P. McPherson, chairman of the county rationing board; Mr. Young and J. R. Klepper, district food specialist. Mr. Klepper showed a sound film titled "Counter Attack" which explained operation of the point system. Miss Mildred L. Adams, county home economics extension representative, spoke briefly.

Mrs. Ralph Z. Oyler, chairman of the consumers' interests committee for the county, which sponsored Friday evening's session, said after the meeting that her group had received only about a half dozen requests from grocers for volunteers to help explain the point system in their stores next week.

Weather Forecast COLDER TONIGHT

\$850 DONATED IN YWCA DRIVE; GOAL IS \$2500

The current total in the annual YWCA drive fund has reached \$850, it was announced today as the second list of contributors to the fund was made known. The goal for the drive is \$2,500.

Reports received to date cover only a part of Gettysburg while only scattered returns have been received from rural sections, association officers stated.

The list of additional donors follows:

Mrs. Ralph Oyler, Mr. and Mrs. J. D. Swope, Mrs. J. O. Warthen, Mrs. J. McCrea Dickson, Miss Minnie Spangler, Mrs. Verna Myers, the Rev. and Mrs. Ralph Gresh, Mrs. Slentz, Mrs. Herbert Oyler, Miss Carrie Miller, Ira Plank, Mrs. Cole, Mrs. Haas, Mrs. W. A. Taughnbaugh, Mrs. Arendt, Mrs. Gilbert, Mrs. Jacobs, Mrs. Paul Mehring, Mrs. H. Cromer, Mrs. R. Spahr, Mrs. Scott, Mrs. Redding, Mrs. Herschock, Mrs. Paul Spangler, Mrs. David Oyler.

Miss Grace Sachs, P. Ward Stall-smith, Dr. F. B. Bryson, Miss Martha Dickson, Order of Eastern Star, Prof. and Mrs. William Quillian, Mrs. Grace Hartman, Mrs. Kenneth Hull, Mrs. I. C. Bucher, Mrs. Paul Kinsey, Dr. Melancthon Coover, Mrs. Garnett Baker, Mrs. Raymond Menegs, Mrs. Ralph Butt, Mrs. Ray Kitzmiller, Mrs. Augustine, Mrs. Yingling, Mrs. Ray Hoffman, Mrs. R. Capozzi, Mrs. C. A. Wetzel, Mrs. Kermit Herter, Mrs. Flynn, Mrs. Paul Thomas.

Other Donors

Mrs. Norman Storrick, Mrs. Walter Africa, Winfield G. Horner, Lee Hartman, John Brehm, Robert Bream, Mrs. H. B. Bender, Gettysburg Steam Laundry, Mrs. J. D. Munshour, Mrs. C. A. Hershey, Mrs. Stephen Smith, Mrs. Walter Trostle, Mrs. Robert Weikert, Mrs. Lester B. Smith, Mrs. James B. Hogue, Mr. and Mrs. David Noel, Mrs. Harold B. Pegg, Mrs. Clare Routson, Mrs. Lester Oyler, Mrs. W. H. Oyler, Mrs. Emma Shultz, Mrs. Carl C. Smith, Mrs. Gladys Bluebaugh.

Mrs. Milton Bender, Mrs. Harrison Barr, Mrs. Erle Deardorff, Mrs. W. G. Durboraw, American Legion Auxiliary, Mrs. Edith Ditchburn, Mrs. Laura Sheads, Mrs. A. W. Warman, Mrs. Luther Creager, Mrs. Hartman, Mrs. Raffensperger, Mrs. Romaine Freed, Mrs. Mattie Black, Mrs. Estella Bream, Mrs. Bernard Nune-maker, Mrs. Hartman, Mrs. Charles Black.

Adams County Rural Letter Carriers association, Ladies Auxiliary of Rural Letter Carriers, Mrs. Mark Eckert, Mrs. George Naugle, Gettysburg-Harrisburg Transportation company, Order of Odd Fellows, Dr. and Mrs. H. W. A. Hanson, Coffman and Fisher company, Mrs. H. C. Allbright, Mares Sherman, Swisher's store, Gettysburg Auto Parts company, P. and T. restaurant, Mrs. Joseph Codori, Mrs. Elizabeth Henning, Edna Ann shop, Parkhouse pastry shop, Mrs. J. W. Trew, Miriam E. Waltemeyer, Mrs. George Bachman, Mr. and Mrs. Lloyd Keefeauver, Mrs. Harry Snyder, Mrs. Forrest Craver, Mrs. Sarah Waltman, Loyal Order of Moose, Mrs. Perry Tawney.

Aspers—Mrs. Stanton House.

Guernsey—Mr. and Mrs. O. H. Benson.

RED CROSS FILM WILL BE SHOWN

A film entitled "Since Pearl Harbor" will be shown at the Majestic theatre during the Red Cross War Fund drive which opens next Monday. The picture reviews all phases of Red Cross activity with the armed forces at home and abroad. The film was produced for the Red Cross by "The March of Time" and will be shown throughout the nation.

Service clubs and civic and patriotic organizations in Adams county will be contacted by speakers representing the Red Cross in behalf of the War Fund drive. Dr. Frederick Tilberg, chairman of the Red Cross speakers' committee in the county, announced today. He expects to appear before some of the Lions and Rotary clubs in the county and is supplying Red Cross drive information to many organizations in the county.

Phonograph records telling the story of Red Cross war activities are being distributed to schools through the county superintendent's office for use during the campaign. The records were supplied by National Red Cross.

Hold Final Rites For D. D. Schriver

Funeral services for D. D. Schriver, who died at his home in Straban township on Wednesday evening, were held this afternoon at 1 o'clock at the Schriver home with the Rev. Seth C. Morrow, Pottsville, former pastor of the Gettysburg Presbyterian church, and the Rev. U. A. Guss, supply pastor at the Great Conewago Presbyterian church at Hunterstown, officiating. Interment was made at the Great Conewago church cemetery.

The pallbearers were Frank McIlhenny, Henry Hunter, Earl Guise, Roy Yeagy, Lawrence Dietrick and Robert Bell.

METHODISTS TO HOLD SPECIAL SERVICES HERE

Members of the First Methodist church will join in a nation-wide observance of a "Week of Dedication," beginning Sunday. Nearly eight million members of the denomination will be asked to pledge a "new dedication of self, service and substance" in meeting the challenges and needs of a war-torn world.

The Rev. Paul D. Leedy, pastor of the church, will issue a call for prayer and self-examination in his sermon at the morning worship hour, at 10:30 o'clock, on the theme, "To Be Here Dedicated to the Unfinished Task."

Throughout the nation some 88,000 laymen will participate in the observance. Thousands of them will speak as "minute-men" in pulpits on Methodist circuits where they will take the place of pastors who cannot be present.

Special Service

On Sunday, March 7, for the first time in the history of methodism, every one of the 42,000 Methodist churches in America will be open for worship at the same time. Eight million Methodists will kneel at the altar to dedicate themselves anew to God's service—"a full dedication of self, service, substance." Where pastors cannot occupy the pulpits, laymen will preside.

During the coming week members of the local congregation have been called to a "service of prayer and consecration" Wednesday evening at 7:30 o'clock. This mid-week devotional service will constitute part of the monthly official board meeting. During the business session the pastor will discuss the local church program for the Lenten season. Reports and routine business will also be transacted.

The Sunday evening services will consist of the Methodist youth fellowship hour at six o'clock, and the vesper hour of worship, at which time Mr. Leedy will preach the third in a special series of Lenten preparatory sermons on the theme "That I Might Know Him."

NEED MORE IN WAR COURSES

Classes in industrial accounting and engineering drafting were organized Thursday evening in the War Training school at the Gettysburg high school building but Lloyd C. Keefeauver, administrative head for the center, said that more students are needed to assure continuance of the classes. The next class sessions will be held on Tuesday evening at 7 o'clock. Student registrations will be accepted at that meeting.

The course in industrial accounting is being taught by Edward K. Proctor with these students enrolled to date: Edgar A. Moser and Robert M. Smith, who are taking their second course in defense training; and Miss Beatrice Benner, Miss Arville Bower, Keith Burger, Jay R. Schmitt, H. Wayne Weagly, Charles E. Weaver and Robert E. Wible.

Paul A. Kinsey is instructor for the engineering drafting course with these students enrolled: Harry T. Bartley, Mrs. Lucie Boehner, Edward L. Culver, Harold Miller, Merlin Miller, Miss Eleanor Oeschger and Maurice Stoops, who are taking their second defense course; Raymond O. Arnold, Vernon B. Corle, George E. Hogue, Arthur E. Hutchison, Mrs. Anne S. Larkin and Samuel W. Musselman.

Radio service, Baker's Battery Service.

Lynnbrook cotton dresses, Virginia Myers.

Batter Retreating Rommel

British and United States forces were reported continuing their hammering of Marshal Rommel's troops, driving them further back toward the sea after their retreat through Kasserine pass. French troops advancing from the mountains on the west side of Ousseltia valley smashed several Axis positions in the area. Meanwhile in the south the British Eighth Army was reported to have penetrated outer defenses of the Mareth line.

Here And There News Collected At Random

Washington, Feb. 26 (AP)

—Price Administrator Prentiss M. Brown paid tribute to the American press today for its "invaluable assistance" in explaining canned goods rationing.

Brown said the service deserved special recognition in view of the difficulties of newspaper these days with paper, manpower and transportation shortages.

The above dispatch was tele-typed across the country at noon Friday. Because of a shortage of available news space and the element of time . . . it was only two hours before our deadline . . . we withheld publication until today.

It is with considerable modesty that we publish Mr. Brown's letter in full. It is a splendid tribute to the newspapers, in turn, are proud of the privilege and the opportunity to render service to the reading public. The American public can always depend upon their newspapers.

Mr. Brown's letter follows:

"No finer single service in the interest of the American public has been performed during this war than the splendid handling by the nation's press of the OPA processed foods rationing program."

"The repeated publication in thousands of newspapers of the OPA consumer declaration form permitted millions of Americans to appear at the registration sites and obtain War Ration Book Two in a matter of minutes. This meant an incalculable (Please Turn to Page 2)

TIME-SAVING FARM METHODS TOLD BY AGENT

Russell F. Mollenauer, assistant county agent, gave Adams county farmers and their wives practical advice on ways of saving time and labor in many farm operations in an address delivered before the twenty-seventh annual meeting of the Adams County Agricultural Extension Association at the Gettysburg high school building on Tuesday.

He gave special attention to means of offsetting the labor shortage on the farms and of devising substitute materials and methods to take the place of farm supplies no longer available or that are to be had only in limited quantities.

Mr. Mollenauer spoke as follows: Production is and will have to be, for the duration, the primary aim of American farmers. You hear this very evident fact repeated daily, over the air, in the newspapers, and in all gatherings of farm people. Yet with a very real shortage of farm labor, farm machinery, and the lack of other vital agricultural supplies, this problem of increasing production seems an almost impossible one.

Very little has been said, in all the production talk, about how each individual farm or farmer is to overcome his obstacles. Most of the ideas that have been suggested are very general in nature and are often not applicable to an individual local condition.

It is perfectly true and must be accepted that there are many farms and farmers in Adams county who will not be able to increase their 1943 production over that of previous years. (Please Turn to Page 2)

Miss Ruth N. Kitzmiller Joins WAACs; 10th Countian

Miss Ruth N. Kitzmiller, daughter of former County Treasurer and Mrs. R. Blaine Kitzmiller, 300 West Middle street, went to Harrisburg this morning to be sworn into the Women's Auxiliary Army Corps at the Harrisburg district recruiting station at 325 Market street, that city.

Miss Kitzmiller, who for the last year has been secretary to Lloyd C. Keefeauver, superintendent of the Gettysburg public schools, is the tenth county girl to join the WAACs since January 1. She expects to receive orders to active duty within about two weeks.

With two brothers already serving in the Army, Miss Kitzmiller becomes the third member of her family in the service while a third brother, George, has just passed his

ALLIES CHASE ROMMEL; TAKE 400 PRISONERS

Allied Headquarters in North Africa, Feb. 27 (AP)—Allied forces continued to pursue Marshal Erwin Rommel's fleeing troops in the area north of the town of Kasserine and fresh Axis attacks in the northern sector of Tunisia were repulsed, a communique announced today.

(A Reuters dispatch from the Tunisian front said Allied troops had occupied Kasserine. "The full in the northern sector was broken yesterday by a series of enemy attacks in the areas of Djebel Mansour, Bou Arada and south of Medjez-El-Bab, all of which were successfully repulsed by Allied forces" the communique said.

More than 400 Axis prisoners were declared taken in the repulse of tank-supported enemy attacks in the Mateur-Beja valley, about 15 miles northeast of the village of Beja. The enemy was reported to have "suffered heavy casualties."

Destroy 7 Tanks

"In one enemy attack seven tanks were destroyed for the loss of one British tank," the communique reported. "The fighting continues."

Gen Sir Bernard Montgomery's British Eighth Army was reported to have planted its forward elements immediately south of the Mareth line in southeastern Tunisia without serious opposition.

Allied fighters and fighter-bombers made attacks on concentrations of Axis vehicles and tanks to counter thrusts by the enemy in northern Tunisia, the communique said.

Allied fighters were reported to have destroyed a railway locomotive during an offensive patrol near Tozeur, in the central sector. Allied light and medium bombers continued to pound the port of Gabes, the Mareth line fortifications and enemy landing grounds.

Attack Sardinia

In a bombing attack against Cagliari, Sardinia, Thursday night and yesterday morning hits were reported on docks, railroad yards, industrial buildings and an airfield. Docks at Bizerte also were bombed the same night.

A large enemy supply ship was reported set afire in an Allied attack on an Axis convoy north of Sicily.

Reports showed that three enemy aircraft were destroyed yesterday and that an additional two were shot down Thursday's air fighting, the communique said. Five Allied planes were reported missing.

SCHOOLS JOIN DRAMATIC UNITS

The Rev. Thomas J. Kilcullen, director of dramatics at Mount St. Mary's college, Emmitsburg, announced today that the Mount's Student Theater group is, for the first time in its history, collaborating with the Melpothalian Dramatic society of nearby St. Joseph's College for Women.

The union of the two societies was agreed upon by the authorities of both schools who regard the action as being a progressive stride in the production of better and more varied plays.

According to Father Kilcullen, the chief purpose of the union is "to present plays in a more suitable manner, now that we have men and women to take male and female parts respectively."

"What a Life"

As their initial presentation the joint societies have chosen Clifford Goldsmith's "What a Life," which will be shown in St. Joseph's DePaul auditorium Sunday afternoon at 2 o'clock and 8 o'clock in the evening. The play ran for two years on Broadway.

"What a Life" is a popular comedy and of the 18 characters in the play, 10 will come from the Melpothalian society while the remaining eight will be representative of the student theater group.

The leading role will be played by James Henderson, a Mount St. Mary's freshman, who will take the part of Henry Aldrich. St. Joseph's Mattie McGhee will share the lead.

SOLDIER HONORED

Pvt. Robert B. Widder, who is now with the 1141st T.S.S., Flight 545, B.T.C. 9, Miami Beach, Florida, was named on the honor list for the last semester at the engineering school of Penn State college where he was a sophomore when called to the service.

PLAN TO CUT ARMY SCORED BY M'NARNEY

By JOHN H. WIGGINS

Washington, Feb. 27. (AP)—Convicted that the nation's 1943 military, armament and food production targets are beyond the manpower range, a Senate investigating committee today explored the possibility of cutting armed service expansion by one to three million men.

Despite assertion from an Army deputy chief of staff that reduction of the Army's 8,200,000 goal by 1,000,000 would make "probability" of losing the war "much greater," committee members instructed War Manpower Chief Paul V. McNutt to prepare plans portraying effects of varying decreases in military strength.

Should it appear possible to reduce the proposed military strength without impairing Allied strategy, a committee member said, the group is likely to recommend curbing military appropriations if necessary to restrict the armed forces growth.

Win War First

Testifying in the committee's manpower investigations, Lieut. Gen. Joseph T. McNarney, deputy chief of staff, said an Army of 8,200,000 by December is a requirement.

"If on account of a failure in the shipping or in the capacity of the nation to produce and to maintain an adequate economy, you had to take a million off of that eight million, what about the strategy?" asked Senator Burton (R.-Ohio).

"It probably would fail," replied McNarney. "As stated before, the last thing that should be done is to reduce the strength of the armed forces, because after all the primary purpose of the United States at the moment is to win the war."

DR. LEMON UHL EXPIRES TODAY

Dr. Lemon L. Uhl, 95, died this morning shortly after 5 o'clock in the Warner hospital where he had been admitted as a patient Thursday evening. He was taken seriously ill Thursday morning at his residence in the Eberhart apartments, Chambersburg street. He passed his ninety-fifth birthday on Wednesday.

The deceased was a native of Millersburg, Ohio, and was an alumnus of Wittenberg college at Springfield and the Hamma Divinity school. He and the late Mary Barr were married in 1872 and in the same year went to India where they served as missionaries for 51 years, retiring in 1923. Since that time Doctor Uhl, who held the degrees of doctor of philosophy and doctor of divinity, had been living in Boston where he engaged in writing and speaking. He came to Gettysburg last autumn.

Services Sunday

His wife died March 26, 1926. The only survivors are a brother, the Rev. B. E. Uhl of Springfield, Ohio, and a daughter, Miss Grace Barr Uhl, who was with him at the time of his death.

Funeral services from the Bender funeral home Sunday afternoon at 3:30 o'clock with Dr. A. R. Wentz and Dr. John Aberly of the Lutheran Theological seminary here, and the Rev. Dwight F. Putman, pastor of Christ Lutheran church, in charge of the service.

The body will be taken to Springfield for interment in Ferncliff cemetery Monday afternoon.

Board Is Checking Rationing Figures

The staff of the county war price and rationing board was busy today compiling final reports and checking off unused supplies for the four-day registration period for War Ration Book Two which ended Friday evening.

Complete figures were not available at 10 o'clock this morning but reports from most schools indicated that there was no serious last-minute rush of registrations on Friday. Figures for the three local school registration sites showed that High Street teachers handled the largest number of applications, with a total of 2,531. Lincoln was second with 2,146 and Meade school had 2,099 applications.

CEILING PRICES CURB FARM SALE

A total of \$9,597.65 was realized at the sale of livestock and farming implements conducted Thursday by Dr. George E. Kauffman, Hanover, on his farm midway between Cross Keys and Hampton. The 140-acre farm improved with two dwellings and farm buildings which was also offered was withdrawn at a bid of \$10,500.

An interesting feature of the auction was the sale of agricultural machinery with ceiling prices. These included a tractor, a baler, and a combine, the ceilings for which were respectively \$630, \$950 and \$400. In the face of the great demand these articles would have brought far more if unlimited bidding had been allowed. The lucky purchasers were drawn by lot. The names of 23 bidders went in the hat for the baler and there were no less than 41 bidders for the combine.

Social Happenings

Phone Gettysburg 640 or Biglerville 8

E. G. Grab, of Washington, D. C., is spending the week-end at his home along the Harrisburg road.

Miss Helen Saby, Carlisle street, is entertaining over the week-end Miss Madeline Meeklam, of Geneva college, Beaver Falls.

Fred K. Schwartz is spending the week-end at his home on Water street.

Mrs. Edwin F. Stewart, of Colmar, is a guest in the home of her son and daughter-in-law, Mr. and Mrs. Edwin F. Stewart, Jr., Gettysburg R. D. Mr. Stewart, Jr., is on a business trip through West Virginia.

The Monday Night Bridge club will meet at the regular time next week with Mrs. Edwin F. Stewart, Gettysburg R. D.

The Rev. and Mrs. Eugene Strebel, Flushing, Long Island, and Mr. and Mrs. George Dick, Flemington, New Jersey, have returned to their homes after spending several days at the home of Mr. and Mrs. A. S. Mills, Baltimore street.

Mrs. Mark A. Eckert and daughter, Ann Heath, Martinsburg, West Virginia, are spending the week-end with Mr. and Mrs. Mark K. Eckert, Springs avenue.

Miss Betty Jane Snyder, West Stevens street, is visiting in Philadelphia over the week-end.

Mrs. Mary Martin, East Lincoln avenue, has gone to Denver, Colorado, to spend some time with her son and daughter-in-law, Mr. and Mrs. William Martin.

Mrs. M. T. Hartman entertained the members of the Culvert club Friday afternoon at the home of Mrs. Howard Sheets, East Lincoln avenue. The next meeting will be in two weeks at the home of Mrs. Charles R. Wolff with Mrs. Walter Coleman as hostess.

Mrs. Murray B. Frazee, Jr., Baltimore, is spending the week-end at her home on West Broadway.

Mrs. Sidney B. Johnston and daughter, Joan, Springs avenue, spent the day in York.

Mrs. J. W. Trew, Miss Jane Trew and Miss Peggy Trew, Springs avenue, returned this week from Orlando, Florida, where they spent several months.

Mrs. A. R. Wentz was hostess to members of the Friday Afternoon Literary club this week on the seminary campus. The program was in charge of Mrs. H. Milton Roth who reviewed the book "No Life for a Lady."

Here And There

News Collected At Random

(Continued From Page 1)

able saving both in man hours of work by the volunteer registrars and in the time of the individual applicants.

"Similarly, the publication by newspapers of the official table of point values for March makes it possible for millions of housewives to plan their family's meals and shopping trips in advance. And there also is accomplished great saving of time for the country's 600,000 food stores and the shopper herself.

(Editor's note: We republish, today, the official table of point values on Page 5.)

"Again, through repeated appearance of pictures in the press, together with explanatory material, War Ration Book Two became familiar to the public weeks in advance of its issuance.

"Added to all of these extremely important services, was the publication in news columns of thousands and thousands of words explaining the why, when and how of processed foods rationing and use of the point system.

"It is not an overstatement to say that without this cooperation, the present high degree of public understanding of this huge rationing program never could have been achieved in the short space of a few weeks.

"Such a splendid public service looms even larger when it is remembered that, like many other enterprises, newspapers are feeling the effects of manpower shortages, transportation difficulties, and curtailment of supplies. Nevertheless, they are going ahead full steam and overcoming these handicaps to the end that Americans can continue to be the best informed population in the world.

"For the invaluable assistance freely given by a free press of a free country, may I express the deepest gratitude of the Office of Price Administration."

Thank you, Mr. Brown.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Frank Kuykendall, Gettysburg R. 1, announce the birth of a son at the Warner hospital Friday evening.

The Rev. Dr. N. M. Ylvisaker, who is director of the Service Men's Division of the National Lutheran church, addressed the members of the Inter-Faculty club at its special spring meeting Thursday evening in the SCA building at Gettysburg college. Doctor Ylvisaker stressed the importance of the work done by the chaplains in this war and gave examples of the part that the spiritual values in the lives on men have played in the past. In this connection he told of the recent experience of Captain Eddie Rickenbacker. He also stressed the growing recognition by the leaders of the armed forces of the need of the spiritual in the lives of the men. He said that it is probable that during 1943 and 1944 there will be at least 10,000 chaplains serving with the forces.

Dr. Henry W. A. Hanson introduced the speaker and Dr. Albert Bachman, president of the club, presided at the meeting which was open to the public.

Doctor Ylvisaker left Gettysburg for Washington to confer with the chief of all the United States chaplains.

DEATHS

Emory Berkheimer

Nathan Smith, Spring Grove, received word on Tuesday of the death of his brother-in-law, Emory Berkheimer at his home in Dallas, Texas, where he and his family have resided for some years. Mr. Berkheimer was 65 years old.

He was a native of Abbotstown and was well known throughout the county. He leaves his wife, a native of York county; two sons, Gordon and Warren, both of Dallas, and these brothers and sisters, Robert C. Berkheimer, Abbotstown; Harvey Berkheimer, Oakland, Calif.; Tilden Berkheimer, Harrisburg; Mrs. Allen Rohrbach, York; and Mrs. Cleason Smith, East Berlin. Burial will take place in Dallas.

Mrs. Laura McCann

Mrs. Laura McCann, 83, widow of Edward McCann and mother of Mrs. Charles E. Miller, of Biglerville, died Friday morning at 2 o'clock at the home of a daughter, Mrs. John Croxley, in Lemoyne. Death followed an illness of about two months.

*Funeral services Monday afternoon at 2 o'clock from a Mechanicsburg funeral home with interment at Mechanicsburg.

John A. Bolding

John A. Bolding, 74, a native of Fairfield, and for some time a farm hand on the farm of C. F. Ohler, near Emmitsburg, died Thursday morning at the Emergency hospital, Frederick, where he had been a patient for two weeks. He was a son of the late Francis J. and Annie Slater Bolding of Fairfield. Two brothers, Harry and Bert Bolding, location unknown, survive.

Funeral services were held Friday afternoon at 4:30 o'clock in the cemetery at Montevue.

Mrs. G. B. Weitzel

Mrs. Clarice H. Weitzel, 77, wife of George B. Weitzel, Wrightsville, died at 1:30 o'clock Friday morning at her home, following a lingering illness.

Mrs. Weitzel was born in Wrightsville, a daughter of the late Jacob and Rebecca Flury Upp. Surviving besides her husband are two sons, John E. Weitzel, Newark, N. J., and G. Ralph Weitzel, Baltimore; a daughter, Mrs. Paul D. Thomas, Gettysburg, and four grandchildren.

Funeral services will be held Monday afternoon at 2 o'clock at the Etzweiler Funeral home, Wrightsville. The Rev. J. M. Spangler, pastor of Trinity Lutheran church, of which the deceased was a member, will officiate. Interment will be made in Fairview cemetery.

Pussywillows On Sale At Market

Snow drifted around the Farmers' Market house doors this morning but pussywillows were on sale on the market stands. Patrons soon exhausted the supply which ranged in price from 10 to 20 cents a bunch.

Prices generally were unchanged on standard offerings. Fryers sold for 50 cents a pound, dressed weight, while older fowl could be had at 45 and 48 cents a pound. Apple prices ranged from \$2.25 to \$1.50 a bushel and potatoes were \$1.50 and \$2 a bushel.

Delone Loses In Final Seconds

Two fouls shot in the last seconds of play gave York Catholic high a 25-24 victory over Delone Catholic high in a game played Friday evening at York.

On Tuesday evening Delone walked York Catholic at McSherrystown 48-23 and arrangements are now under way to have the teams play a rubber game on a neutral court next week.

HOSPITAL REPORT

Mrs. Frank Kuykendall, Gettysburg R. 1, has been admitted as a patient to the Warner hospital. There were no discharges.

TIME-SAVING

(Continued From Page 1)
ous years for reasons entirely beyond their control. However, everyone can, if their mental attitude is right, increase their efficiency and consequently their production. It has often been said that many farmers are not farming as well as they know how. This is, in other words, a way of saying that many farmers are not practicing methods that have been long known to be practical.

Need Good Judgment

Under today's emergency conditions it is very important that each farmer take stock of his own situation and by using his best judgment to adopt the most practical methods of production that are known. This does not infer any radical departure from previous customs. One of the extension specialists from State College very aptly summed up the whole idea that I am trying to express by saying "a carefully thought out program in peacetime should be a good program to follow in wartime with as much additional emphasis on increased production as possible."

In the field of poultry production which includes the production of eggs, poultry meat, and turkeys, there are many handicaps, probably the most serious one is the shortage of vital feedstuffs.

Eliminate Waste

As all of you who are in the poultry business know, meat scrap, fish meal, milk products, soybean oil meal, alfalfa meal, and bone meal are all very scarce items in any feed dealers' warehouse. There is apparently not too much hope of some of these shortages being relieved for the duration. Therefore it behooves every poultryman to do his share in seeing that these limited supplies are used to the best possible advantage. Just the elimination of feed wastes and losses that occur from applied feeders, rat and mice damage can help very materially.

The increased use of poultry ranges, especially for growing pullets, can help. There are a few poultrymen in the state who have been doing a good job of rearing pullets on good bluegrass or ladino clover range without the use of any mash, and in other cases very little growing mash. They have in some cases put their pullets on range at the age of six to eight weeks and have fed only grain until about a month before they were moved into the laying houses. Many poultrymen do not now have good range for their pullets and it is suggested that a good ladino clover or bluegrass pasture should be established wherever practical.

Labor Problem Serious

The fact that aids in the solution of this poultry feed situation is the knowledge that substitutions can be made with reasonable safety for some of the more scarce items. For example, it is possible to reduce the animal protein ingredients to as low as five per cent and to increase soybean meal up to as high as 18 or 20 per cent.

Another very serious poultry production problem is labor. It is suggested that if each poultryman in the county would make an intelligent analysis of labor saving devices that could be used many steps would be saved. I would expect that many new ones will also be discovered as the result of some individuals ingenuity. Examples of labor saving devices are:

Practical Tips

1. The use of dropping pits instead of dropping boards. They only need to be cleaned about four times a year.
2. The use of manure shoots in two or more story laying houses.
3. The use of "built up" litter. It does not need to be cleaned more than once or twice a year.
4. Installation in any way practical of running water on range and in all poultry houses.
5. The addition of feed storage bins in all laying and brooder houses. A type of bin that is very practical is one that can be filled from outside the house from a truck or wagon and will supply the feed for the troughs and hoppers on the inside.
6. Range feeding of scratch grain from wagons or trucks has been practiced by quite a number of the bigger poultry operators for a number of years.
7. There are other labor saving methods that can be introduced where practical. We do not mean to suggest that all of the above will fit every condition. They may, however, suggest even a better method to some ingenious individuals.

Check on Management

In general it is suggested that you seriously study your management from the standpoint of comfortable housing, ample floor space, wise use of lights, consistent culling, the utilization of all present equipment, out of season brooding to keep laying houses filled and to supply increased poultry meats, and to place the emphasis on increased egg and meat production through greater efficiency. In other words, more eggs per bird or more pounds per cockerel or turkey.

Dairy Suggestions

Labor and feed, as is true in poultry, will also be two of the most serious handicaps to increased dairy production. There are a number of labor saving devices and practices that are not being used now on very many of our Adams county dairy farms that would lighten the labor load:

1. The use of milking machines

Upper Communities

Glenn Knaub, of Washington, D. C., is spending the week-end at his home in Biglerville.

The Volunteer class of St. Paul's Lutheran Sunday school, Biglerville, will meet Tuesday evening at the parsonage. The hostess committee includes Mrs. O. A. Nary, Mrs. R. P. Wentz, Mrs. John Stallsmith, Mrs. Chester Lawler and Mrs. David Sandoe.

The condition of Edward Stallsmith, who has been ill at his home in Biglerville for several weeks, is reported to be slightly improved.

Mr. and Mrs. Paul Stum and daughter, Bonnie, of Newville, are week-end guests of Mr. and Mrs. George Reisinger, of Biglerville.

Mrs. George W. Smith, of Biglerville, was a visitor in Harrisburg today.

J. Hoke Staybaugh, who heads the Biglerville Defense council, has called a meeting of all members of the council including firemen, policemen, first aid members and all others connected with the setup for Tuesday evening at 7 o'clock in the laboratory of the high school.

Mr. and Mrs. Henry Walker and daughter, Louise, of Newville, are expected for a week-end visit with Mr. Walker's parents, Mr. and Mrs. W. K. Walker, Carlisle road.

The Upper County Lions club will meet Tuesday evening in the Biglerville high school building.

PFC Robert Eldon, who is stationed at Boca Raton airfield in Florida, has been visiting friends in the community while on furlough.

Pvt. Clair Settle, who is stationed with the Army Air Corps at Flint, Michigan, is with his parents, Mr. and Mrs. Clifford Settle, Biglerville R. D., for a seven-day furlough. Pvt. Settle is convalescing following an attack of pneumonia.

Miss Virginia Troxell, Miss Caroline Rex, Miss Isabelle Rauhauser and Miss Rheba Taylor, Biglerville, spent the day in Harrisburg.

Mrs. William C. Tyson and Mrs. Frederic E. Griest, Flora Dale, are spending a week in New York city as guests of Mrs. Estella Ahlers.

Mr. and Mrs. Elmer Yoder and daughter, Barbara, Biglerville, were visitors in York, Friday, where Mr. Yoder transacted business.

Fred Baker, son of Mr. and Mrs. Roy Baker, was operated upon for appendicitis Thursday evening at the Warner hospital. He is reported to be doing satisfactorily.

Miss Emma Bair, Biglerville, is spending the week-end at her home at Salunga.

where possible and practical.

2. The use of feed carts for grain and silage.
3. The use of milk can carts to convey milk cans from the barn to the milk house is a very practical piece of equipment.
4. Low producing and non-profitable cows should be culled, and the remainder fed better.
5. Cows should be trained to milk fast (4 to 5 minutes).
6. The installation of running water for calves instead of having to carry buckets twice a day is suggested.
7. Cows rear quarters, udders and tails should be kept clipped to save time in cleaning.
8. If milk house is far away from milking barn a straining shed can be used.

Feeding Hints

There are a number of feed practices, none of which are new, which will materially aid the individual in solving some of his dairy feed problems:

1. Use 30 to 40 per cent protein supplements to mix with home-grown grains where obtainable.
2. Use simpler rations. Prof. Morrison of Cornell in discussing this subject at the recent farm show meeting stated that even cows of high production can be satisfactorily fed simple, low protein, grain rations without affecting their production level, providing good quality roughages are available.
3. Legume silage for summer feeding can be used to good advantage to supplement pasture.
4. Pasture can also be supplemented with green cut feeds, such as soybeans, sudan grass, or temporary pastures.
5. Use smaller amounts of milk in starting calves.
6. Use dry mix calf starters. Milk on this plan can be eliminated at the age of seven to eight weeks.
7. Watering troughs in the barn will help increase production during winter months. Cows should be watered twice a day, preferably after feeding.
8. Give extra thought and care to the feeding and management of all dry cows.
9. Prevent and eradicate mastitis.
10. The extra heavy grain feeding of good producing dairy cows has been found to be profitable by recent experimentation reports.

From the long time point of view any increased dairy production program should include the use of DHIA records, good herd sires, a definite pasture improvement pro-

Charge Against Girl Dismissed

Adhering to her story that she took the fur coat of Mrs. C. H. Heldt by mistake for her own garment, Miss Florence Burnham, Chicago drug clerk, was dismissed after a hearing Friday afternoon before Justice of the Peace John H. Basehore for "lack of evidence." A short time after the hearing she boarded a bus for Norfolk where she expects to be married to a sailor.

The alleged theft occurred Thursday evening while Mrs. Heldt was attending a party at the Hotel Gettysburg. The girl was captured after a chase on York street. No one was found who saw her take the coat.

Rites Today For Mrs. Eva Shryock

Funeral services for Mrs. Eva G. Shryock, 67, Steinwehr avenue, who died at the Warner hospital Wednesday afternoon from a complication of diseases, were held from the Foursquare Gospel church this afternoon at 1:30 o'clock conducted by the Rev. and Mrs. Harold Myers. Interment in Mt. Joy cemetery.

The pallbearers were Herman, John and Harry Maring, Walter and Luther Schwartz and Willis Plank.

MAN JAILED FOR STEALING \$425

Chauncey Laughman, 28-year-old war worker at the American Chain Works in York, was arrested in a Hanover apartment house Friday by Jesse Crabbs, York county detective, on a charge of stealing \$425 from his father-in-law, Lewis Moul, in Abbotstown on Thursday.

Authorities said Laughman signed a confession before Justice of the Peace George Baker in Abbotstown. In default of bail, Laughman was brought to Gettysburg by Deputy Sheriff B. E. Bixler and was committed to jail for April court.

Laughman is quoted as admitting he removed the money from Moul's overcoat pocket while the garment hung in a closet in the Abbotstown house where Mr. and Mrs. Laughman live with the latter's father. More than \$300 of the stolen money was recovered when Laughman was arrested.

Laughman, who told police he earned \$75 a week at York, hinted that he "needed some money" and took the cash belonging to Mr. Moul.

RELIEF PAYMENTS UP

State Treasurer G. Harold Wagner reported that direct relief payments made to need residents of Adams county during the week ended Friday show an increase of \$3.30 over those of the previous week. Payments for the week totalled \$309.50 which was \$172.20 less than those of the comparable week of last year.

gram, the growing of better quality roughages, the rearing of the dairyman's own calves rapidly for proper size and early freshening.

The problems of increasing pork and beef production are very similar in principle to those of dairy and poultry. The number of hogs and steers that any Adams county farmer is going to feed will be in part at least determined by his supply of home grown grain. There will be a few instances where it will be profitable to feed either hogs or steers on purchased feed. However, this will be the exception, rather than the rule. The shortage of protein supplements will again affect both of these meat production operators.

Pasture again can be used very profitably by both swine and steer feeders to aid in the feed shortage problem. It has been known for years that good improved pasture will reduce the feed requirements of growing pigs by 25 to 30 per cent, yet only relatively few of our Adams county farmers who are feeding hogs provide adequate amounts of good pasture. The same thing holds true for the steer feeding, depending again upon his type of feeding program. Self-feeders and self-waterers have been advocated as a practical labor saving device for the hog feeder yet only a small portion of farms have self-feeders available. Too many still feed in a trough with a bucket.

A very practical way that hog men are now increasing pork production is to market their hogs at considerably heavier weights than was practical years ago. Present price of corn and the small differential between medium and heavy weight hogs has quickly brought this practice about. Likewise, the use of silage can be increased by our steer feeders to both reduce the cost of producing beef and also reduce the amounts of grain required.

The support of local livestock marketing organizations should be carefully considered because they can play a very important part in guaranteeing a feeder a fair return for his finished product and a fair price for those animals which he purchased. Increased attention should be given to the care and management of brood sows so that a greater percentage of the pigs born can be raised to maturity.

Britain Will

(Continued From Page 1)
had been drawn up and a national government was functioning properly. Some think it would take ten years to reach that point.

So the indications are that John Bull intends to carry on until he has completed his task in India. And that still leaves unanswered the question of whether John is stalling, as alleged, in order to continue his rule.

I think I know the answer to that question, but I shall have to depend on my own impressions, and my own judgment as to whether certain statements made to me in informed quarters were sincere. This is one of those cases where you can't quote anybody.

Present Policy

Should you say to me that it would be human nature for England to be reluctant to give up India, I won't argue with you. If you tell me that she has in past years pursued the "divide and rule" policy I shall say I'm not interested in the past, but only in the flaming present and the adventurous future.

If such a policy has been followed, in full view of the warring Indian factions, then those disputants can't claim to have been very smart in not getting together and spiking the common enemy's guns. Anyway, let the dead bury their dead.

To my mind, the all important fact is that England, whatever may have been her inclinations, actually has given her bond to grant full independence to India. I accept her bond, and the meaning of that bond has been described to me thus:

Will Keep Promise

Britain intends to go forward and hand over government to the Indians at the earliest possible moment.

Obviously the "earliest possible moment" is indefinite, since it must

FRUIT GROWER DIES FRIDAY

Conrad Irvin Guise, 63, farmer and fruit grower of Straban township, Biglerville R. 1, died at his home Friday evening at 7:50 o'clock from a cerebral hemorrhage. He had been in ill health about two months and a month ago suffered a stroke. He was bedfast but one day.

The deceased was born and always resided in Adams county, a son of the late Abraham and Anna (Hollinger) Guise. He was a member of the Biglerville Reformed church.

Surviving are his widow, the former Naomi Rice; three children, Elson Guise, Mrs. Carl Erickson, both of Biglerville R. 1, and Roy Guise, at home; four grandchildren; two brothers, Harry and Nevil Guise, both of York, and one sister, Mrs. Mervin Becker, Greencastle, Indiana.

Funeral services from the home of Elson Guise Tuesday morning at 10 o'clock with further services at the Biglerville Reformed church conducted by the Rev. E. W. Brindle. Interment in the Biglerville cemetery.

Friends may call at the Elson Guise home Monday evening from 7 to 9 o'clock.

be the time which England considers feasible for the transfer. I've already made it clear that she doesn't regard it as feasible during the war, but the indications are that she doesn't intend to protract the agony.

While it would take a lot of sound argument to persuade her to change her mind and reopen the negotiations immediately, my understanding is that her mind is not closed to persuasion. I am told that she will move immediately an opportune opening appears.

Arendtsville Boys Defeat Biglerville 63-16; Girls Defeated 37-13

APPLE PICKERS COP 11TH WIN IN SUCCESSION

Coach Charley Smith's Arendtsville high boys cut loose with a barrage of field goals Friday evening to crush Biglerville high in a basketball game played on the Arendtsville court 63-16.

P. Fissel, center, ran wild for the apple-pickers and landed 10 field goals and a pair of fouls for a total of 22 points. R. Allison and B. Allison were also consistent scorers. The victory marked the eleventh straight for Arendtsville's undefeated quintet. After a comparatively close first period, Arendtsville led ahead 21-9 at half time and from then on there was never any question as to the outcome. The strong Arendtsville defense gave up but one field goal to Biglerville in the second half. F. Slaybaugh tallying a goal in the third quarter.

The game marked the close of a disastrous season for the Cannons. In 16 games, the upper countians triumphed but three times and finished with a losing streak of 12 straight.

Scoring heavily in the final three periods the Biglerville girls turned the tables on the Arendtsville girls in the preliminary game 37-13. Dugan starred for the victors and poured 25 points through the hoops to lead her team to victory.

Hazleton Beats Bethlehem 46-43

Allentown, Pa., Feb. 27 (AP)—Hazleton High won the second half championship of the Eastern Pennsylvania Basketball league last night, whipping Bethlehem High, 46 to 43, in a hard-fought game before 2,400 fans in Allentown's Little Palace.

Bethlehem, winner in the first half, immediately agreed to play Hazleton again on this same court Tuesday night to decide the season title. The winner will go into the District PFAA series.

After trailing during the first half, Bethlehem took the lead in the third period, but wavered in the last when Center Charlie Bednarik was ruled out on personals.

Bullet Star

By virtue of his splendid work in the past few games, Coach "Hen" Bream has elevated freshman Cy Davis to the starting lineup at Gettysburg college. Davis, a former star at William Penn high school, Harrisburg, when he won the Central Pennsylvania Loop scoring championship, has performed in all of the Bullet's varsity games to date.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Feb. 27 (AP)—Thoughts

while listening: Branch (two words

for the price of one) Rickey is a

well-named guy. . . . You ought to

hear how he can branch off on

another subject after starting to

answer a question. . . . And if it

takes as long to rebuild the Dodgers

as to renovate their downtown offices,

them bums won't be in the penan-

rant race this year. . . . What with

Dolf Camilli's and Arky Vaughan's

ranches, the farm that Rufus Melton

bought (but can't tell where its lo-

cated) the Dodgers are having more

farm troubles now than when they

were operating a dozen minor

league clubs. . . . No wonder a scribe

suggested they might settle their

problems by putting Varsity gar-

dens outside Ebbetts Field.

QUOTE, UNQUOTE

Coast Guardsmen Bill Shirley

(ex-sportsman and ball player):

"The only good thing I can detect

in the elimination of baseball is

that it would keep the Phillies from

winding up in the National league

cellar. But, even then, the new

proprietors of the club would no

doubt be very glad to spend the

summer in the cellar if it would aid

the cause."

ONE MINUTE SPORTS PAGE

For sheer action, last night's

Johnny Greco-Cleo Shans fight was

the best we've seen this season, but

we can't say they're the best fight-

ers. . . . Holly Beach farm, famous

hoss-breeding establishment at An-

napolis, Maryland, has been taken

over for the construction of a Naval

Air Field. . . . Jack Welsh, Penn's

crack football and basketball player,

also can pole vault 13-3 but will be

too busy on the court to compete

in the I. C. 4-A meet next week.

. . . After serving as his club's press

agent for three weeks, Owner Fred

Mandel of the Detroit Lions had to

leave for six weeks' rest at Palm

Springs, California. . . . Tough rack-

et, this tub-thumping.

TODAY'S GUEST STAR

Frank B. Ward, Youngstown (O.)

Vindicator: "Since shoe leather is

precious, those umpires who order

players to take a walk may get in

bad with the OPA."

SERVICE DEPT.

A chief of guys who tried to get

by Cuipt Boatwain's Mate Fred

Hitchman's post carrying cameras

should have known better. Any

hockey player could have told them

there never was a more reliable guy

on a defense post than the hitcher.

. . . The Fort Monmouth, New Jer-

sey, Public Relations office reports

plenty of "big names" in the recent

post "Golden Gloves" tourney en-

tries included a Baer, a Simon, a

Johnson and a Johnston—not to

mention a Shakespeare and a Whit-

house from Washington, D. C. . . .

To make sure that future Naval

aviators won't have to be bailed out

if they have to bail out, the swim-

ming program at the North Caro-

lina Pre-Flight school has been placed

under the direction of Lieut. John

Miller, formerly a noted tank

coach at Merceusburg (Pa.) academy,

and Ensign Peter Pick, Olympic free

style record breaker.

WINS TITLE 77-14

Doylestown, Pa., Feb. 27 (AP)—

Quakertown won the championship

of the Bux-Mont Basketball confer-

ence last night by swamping Hat-

boro High, 77-14, for a conference

scoring record. It was the Quakers'

14th victory in 15 starts. They thus

will enter the PFAA District One

playoffs Tuesday night, against either

Prospect Park or Glen Nor.

FRANKLIN TWP. CAPTURES PAIR

Franklin township consolidated school scored a pair of basketball victories over the Fairfield high school freshmen at Fairfield Friday evening.

Dorsey Shultz's boys carried off a 21-11 decision after holding their opponents to one field goal in the first half to lead 15-5 at the intermission. Spence and McCann paced their respective teams with six tallies apiece.

In the preliminary game the Fairfield girls were victims of a 20-11 reverse. Franklin township piled up a 15-4 margin at half time but could tally but five points in the last half against the stiffened Fairfield defense. McCleaf, Fairfield forward, looped 10 points to be high scorer. Mary Mickley netted eight for the winners.

Fairfield Girls Down Alumnae 19-12

The Fairfield high school girls closed their basketball season Friday evening by defeating the alumnae 19-12.

At half time Coach Martin's sextet led 11-8 and after battling on even terms in the third period tallied six points in the final period to clinch the game.

Bennet looped nine points for the winners with R. Musselman pacing the alumnae with four goals.

The box score:

WPIAL Class A Cage Play Opens Today

Pittsburgh, Feb. 27 (AP)—Du-

quesne and Waynesburg high schools clash tonight at Pitt stadium in the opening Class A playoff game of the WPIAL basketball tournament. Du-

quesne is Section 6 winner and Waynesburg the Section 2 titlist.

The preliminary game will be between two Class B competitors, Clark high of Scott township, Section 12 champion, and Robinson high, Section 14 winner. In an another Class B elimination game, Oakmont, Section 19 titlist, plays Export, Section 22 winner, at Penn high.

New Wilmington high's Section 21 champions eliminated Evans City high, 61 to 39, in the opening Class B tournament game last night at New Castle.

GETS NEW POST

Washington, Feb. 27 (AP)—Law-

rence B. Sheppard, of Hanover, Pa.,

Barney Ross Back In U.S.A.

Corp. Barney Ross (left) now of the U.S. Marine Corps but former holder of three boxing titles, and Pvt. R. Garcia of New York city as they stepped off a hospital ship at San Diego, Calif. Ross was cited for his exploits against the Japs in the Solomons.

Mechanicsburg Is Division Champ

It will be either Mechanicsburg or Gettysburg as the champion of the Southern Pennsylvania Scholastic basketball league.

That was decided Friday night when Mechanicsburg smothered Shippensburg high 50-26 on the latter's court to carry off the championship of the northern division of the league.

Next Friday evening the Maroons will meet Mechanicsburg on the Dickinson college court in the title contest.

Zivic Sees Win On Aggressiveness

Pittsburgh, Feb. 27 (AP)—Fritzie Zivic figures he can whip Beau Jack in their return match in New York next Friday night by being "a little more aggressive."

"I thought I beat him the last time, and I'll make sure of it this time," said the loquacious former welterweight champion as he left for New York to finish his training.

RAY ROBINSON ENTERS SERVICE

Detroit, Feb. 27 (AP)—Lanky Ray Robinson, probably the best fighter never to have won a championship, is ready to step into a real fight Tuesday as Pvt. Walker Smith of the United States Army after wiping his slate clean with a decisive victory over tough Jacob La Motta, whom he spotted 157 pounds.

Robinson, the pride of New York's Harlem and uncrowned king of the welterweights, cleaned up on unfinished business as a champion should by getting off the floor to outpunch La Motta, the one-man riot from the Bronx, before 15,149 spectators who paid \$60,710 at Olympia stadium last night. La Motta weighed 160½.

The verdict received the unanimous support of Referee Sam Hennessy and the two judges, and it amply avenged Sugar Ray's only setback in a 132-fight career at La Motta's hands three weeks ago. Hennessy gave Robinson five rounds. La Motta three—including the seventh when he had the Sugar boy on the deck for an eight-count—with two even. Neither judge gave La Motta more than two rounds.

The fight will be under Mike Jacobs' promotion, and will have the sanction of Jacobs' Philadelphia rival, Promoter Herman Taylor, who has first call on Montgomery's services. Jacobs presumably picked the Bobcat for the duel of negro brilliants because of his recent ring successes after succession of defeats attributed to ill health.

There was no definite word, either from the NBA but the belief that the association also would act was widespread.

Rains said he was confident that Montgomery would whip the ex-Georgia New York titlist. "Neither Beau Jack nor any other 135-pound fighter is his equal, in my opinion," he said.

An Evening Thought

As freely as the firmament embraces the world, or the sun pours forth impartially his beams, so mercy must encircle both friend and foe.—Schiller.

Just Folks
By Edgar A. Guest

ON WAR MARRIAGES

Should young people marry with war going on
When soon to the front must the husband be gone?
I am sure I don't know.
There are those who insist it were wiser to wait.
While others will argue for letting them mate;
There it is, con and pro.

Some folks answer: "Yes. Let them wed if they choose.
They will anyhow, even though we refuse.
So let's not interfere!"
While others to gloomy predictions inclined
Say that war leaves too many young widows behind
With orphans to rear.

Well, peace time or war time there's no one can guess
What of good luck or bad will the future possess
And so I suggest
If, in love with each other, they're anxious to wed,
Just give them your blessing and say "Go ahead!"
And then hope for the best.

Today's Talk
By George Matthew Adams

THIS THING CALLED PEACE
No war can be won, and no permanent peace established upon the sole principle of hate. I do not hate the burglar that breaks into my house, for I don't know him, never heard of him, and have no desire to know him—but I hate all burglars as such and not because they happen to be human beings.

I do not believe that the marvelous display of courage on the part of the fighting boys in the armed services of the United Nations is inspired by hate. I believe that it is inspired by a hatred of the things for which the enemy fights to force upon free men. They fight to the death to preserve that freedom about which they know so much. It's in the blood and every fibre of their being.

A man can't be healthy with poison in his system. Neither can a man fight with poison in his heart. Free men fight for things great, not to establish destructive power—and hate does nothing but destroy. It's hate that starts wars, plus its favorite ingredients—greed, jealousy, and avarice.

We have all been brought up to hate wrong, and, in the words of a great orator, whom I once heard say it, "whether in hell or Norway!" It doesn't matter where wrong resides, it doesn't change its color. How can we hate a man we have never seen or heard? Still we can hate everything despicable for which he works and stands. It's this hatred that doesn't have to be drummed into the free fighters of the world.

There is something spiritually indestructible in the heart of a man who fights to defend his homeland, his children, and the children of the future. We are not going to rid the world of wars until the human heart has been reconstructed—and you can't reconstruct it with hate.

When a man fights for justice, for freedom of speech, religion, and a free way of life, that is ammunition enough to spur and inspire his physical and spiritual being to fight to the death if necessary, for he knows why he fights. It's to defeat the hated things, whether lodged in books, men's minds, or saturated in nations.

TRIPLETS IN SERVICE
Philadelphia, Feb. 27 (AP)—The Maxwell triplets—enmasse—join the Army today. Charles, William and George, of Hershey, Pa., all war workers here, were called up by their draft board.

TEN YEARS AGO

Big Surprise in Cabinet of Mr. Roosevelt: Copyright 1933 by the AP. Washington, Feb. 22 (AP)—Word reached informed quarters in Washington today that President-elect Roosevelt had completed selection of his cabinet and that the list contains one surprise—Daniel C. Roper, of North Carolina, for secretary of commerce.

The complete cabinet slate as it is expected by Democrats here to be announced shortly is as follows: State—Cordell Hull, of Tennessee. Treasury—William H. Woodin, of Pennsylvania and New York. War—George H. Dern, of Utah. Justice—Thomas J. Walsh, of Montana.

Post Office—James A. Farley, of New York. Navy—Claude A. Swanson, of Virginia. Interior—Harold Ickes, of Illinois. Agriculture—Henry A. Wallace, of Iowa. Commerce—Daniel C. Roper, of North Carolina. Labor—Miss Frances Perkins, of New York.

Wed Secretly Last June 23: At a party at the home of the bride's parents, Friday evening, announcement was made of the marriage of Miss Dorothy Mae Epley and Curtis H. Kime, at Charleston, West Virginia, on June 23, 1932.

The ceremony was performed by Rev. Dr. G. G. Syonor, pastor of the First Presbyterian church of Charleston, at the parsonage. The bride has been employed for three years at the G. C. Murphy store, Baltimore street. Mr. Kime is employed at the furniture factory.

Surprise Party: Lawrence E. Oyler, Baltimore street, was the guest of honor at a birthday surprise party at the home of Mr. and Mrs. Dorsey Rebert, Baltimore street.

Birthday Party: A birthday and card party was held in honor of George Bushman at the home of his aunt, Miss Mae McClellan, Seminary avenue, Thursday night.

Hitler Ready to Scrap Army: (Associated Press Copyright, 1933) Berlin, Feb. 23—Chancellor Adolf Hitler, whom political opponents depict as a saber-rattling believer in arm armies and navies, committed himself unequivocally to a policy of universal and complete disarmament. "We are willing to go to any lengths to further the ideal of disarmament," the chancellor told the Associated Press. "But we insist that the same standards shall apply for all. Do away altogether with armies, if you please, and Germany will gladly scrap hers also."

Colonial Tea on Wednesday Attracts Many: In an attractive setting the Gettysburg chapter of the Daughters of the American Revolution held its annual reception and tea in the YWCA parlors Wednesday afternoon, in honor of the two hundred and first anniversary of the birth of George Washington. More than 150 members and guests were present.

The tea was in charge of Mrs. Henry Hanson, Mrs. Cheney, Mrs. C. E. Bilheimer, Mrs. Victor Duttera and Mrs. Danforth.

Enters Training School: Mrs. William Voorhees and daughter, Miss Dorothy Dorothy Voorhees, left on Thursday morning for Brooklyn where Miss Voorhees will enter the Methodist Episcopal training school for nurses.

Boy Scout Outfitter: The Harris Brothers' department store has been notified of its appointment as official outfitter for Boy Scouts in Gettysburg and vicinity.

Japs Attack Jehol Forces: Changchun, Feb. 23 (AP)—General Chang Hai-Peng, commanding the army of Manchukuo began an advance against Chinese forces occupying the province of Jehol at midnight Wednesday.

Dr. T. L. Cline, Hotel Gettysburg apartments, who has been ill with mumps for several days, is considerably improved and was able to be out doors Wednesday for the first time since he was stricken.

College Buys Campus Plot: Dr. Henry W. A. Hanson has announced the purchase of a triangular-shaped piece of ground at the northeast corner of North Washington and Stevens street from Harry Clay. North Washington street. The purchase price was \$500.

Birth Announcement: Mr. and Mrs. Donald Olinger welcomed a baby girl on Saturday morning at their home on Water street.

Personal: Mrs. James Leithiser entertained at tea Friday afternoon at the Eagle Hotel in honor of Miss Zora Shields, of Newark, New Jersey, who is her house guest. Miss Bessie Shields presided at the tea table.

Mr. and Mrs. John Lippy, Chambersburg street, are spending several days in Philadelphia.

Miss Elizabeth Daley and Samuel Daley entertained the Gettysburg chapter, Children of the American Revolution, at their home on Buford avenue, Friday evening.

Miss Mildred Cushman is spending

Governor To Ask Elimination Of Mercantile Tax

INCREASE FOR
TEACHERS UP
TO ASSEMBLY

Harrisburg, Feb. 27 (AP)—Governor Martin's budget message to the Legislature Monday night will recommend elimination of the mercantile tax—a state levy since 1844—as part of his program to reduce commonwealth taxes by \$400,000 in the next two years.

The chief executive disclosed his plan at a press conference yesterday. Previously he said he would call for discontinuance of the state four-mill personal property, bank shares and corporate loans levies. Despite these contemplated savings, hopes of Pennsylvania school teachers for increased salaries now rest with the general assembly. Martin declaring "it's a matter for the Legislature to work out. If they increase salaries they will have to find the money. I am not providing anything for increasing teachers salaries."

General Retrenchment
The Governor said general retrenchment in most state departments had been carried out to hold his budget for their operation within \$335,000,000 for the biennium, pointing out that laws passed by the 1941 Legislature called for an additional \$16,000,000 to welfare and \$15,000,000 to education departments.

Elimination of the mercantile levy—netting about \$7,000,000 each biennium—would throw out of jobs some 200 appraisers appointed by Democratic State Auditor General F. Clair Ross, defeated for governor by Martin last November. The tax is levied on retail and wholesale business.

Meanwhile, Senator Weldon B. Heyburn, Republican floor leader, declared there is "a pretty good chance" of the Legislature passing a bill to establish a merit system rewarding employers for stabilizing employment by reducing their payments into the unemployment compensation fund.

Blackout Thursday
Sponsored by Senator Frederick L. Homsher (R-Lancaster), the measure proposes a graduated scale of contributions by employers to the jobless insurance fund so that those with a record of little idleness in their plants would pay smaller amounts.

Other capitol developments included the state defense council's disclosure of the first black air raid rehearsal under the new air raid warning regulations will be held next Thursday night, with the alert starting at 8:50 p. m. and the all-clear coming at 9:30 p. m.

Chief Engineer Thomas C. Frame of the state highway department announced a post-war roadbuilding program to relieve possible unemployment is being prepared to expand the state's 40,528-mile highway system. Frame said no definite plans have been made although surveys are underway.

JAP BEETLE BAN
IN YORK COUNTY

Harrisburg, Feb. 27 (AP)—Extension of the Japanese beetle quarantine area to parts of three more Pennsylvania counties was accompanied by warning today from the Department of Agriculture that start of warm weather means a renewal of the pest's destructive activity. Secretary Miles Horst approved quarantine extension to Westmoreland county and the North Codorus, North Hopewell, Shrewsbury, Spring Garden, Springfield, West Manchester, Windsor and York townships in York county.

R. H. Bell, director of the department's bureau of plant industry, said the Japanese beetle infestation "generally is in the form of a doughnut with the hole covering the area around Lancaster and Philadelphia."

"The center of the doughnut is enjoying a decrease in beetles largely because of a bacterial action known as milky disease, which kills the insect. The outer edge of the doughnut, however, is expanding." Bell recommended treating affected lawns or fields with powdered lead arsenate evenly spread—500 to 1,000 pounds per acre—and thoroughly washed into the ground. The beetles reach maturity about the middle of June.

HAVE TIRES INSPECTED
Philadelphia, Feb. 26 (AP)—Sunday is the last day for motorists holding B and C gasoline ration books to have their tires inspected, the OPA warned. Sunday also is the deadline for commercial vehicle operators. Deadline for A book motorists is March 31.

several weeks with Professor and Mrs. Ray Shetter, West Chester.

On Monday afternoon Mrs. Kenderton Lynch entertained at the second of a series of parties which she is giving at her home on Ridge avenue for the benefit of the charity fund of the Gettysburg Mothers' club.

Flashes of Life

ENEMY ACTION?

San Diego, Calif. (AP)—Marine Hoyt Rhodes was unable to meet sailor Harlow Meyers for the 11th Naval District Handball championship—German measles.

WHAT, NO STARS?

Kearns Field, Utah (AP)—These six Kearns Field privates should be buddies, their fellow soldiers say, because their names represent the components of a pleasant evening. They are Privates Sundown, Moon, Sourbier, Sourwein, Love and Peace.

MIX-UP

North Platte, Neb. (AP)—Somewhere, there is a mighty embarrassed ski trooper.

Mrs. Audin Berthe of North Platte picked up the wrong suitcase in Omaha Union station. The suitcase she opened in her hotel room was filled with a ski trooper's outfit.

FAITHFUL DUO

Des Moines, Ia. (AP)—Only two members of the Iowa House were in the chamber when it adjourned for the spring recess.

One was A. H. Avery, speaker pro-tem who was presiding, and the other was Rep. J. A. Newsome, who made the motion for adjournment.

Avery and Newsome listened patiently while the clerk read the 46 bills tossed in the hopper by lawmakers who got a head start for home for the 10-day vacation. Normally there are 108 House members.

DISMISSAL OF
TEACHER GETS
COURT'S OKAY

Allentown, Pa., Feb. 27 (AP)—The Pennsylvania Superior court late yesterday upheld the Bethlehem, Pa., school board's dismissal of Mrs. Gertrude Koller Brown, a school dental hygienist, who had refused to resign when she became an expectant mother.

The decision, legal sources said, might have "a far-reaching effect" upon the interpretation of a state law requiring school boards to grant a leave of absence for maternity at a teacher's request.

E. G. Blonko, counsel for Mrs. Brown, said he planned an appeal. The superior court's action reversed a decision by Judge Herbert F. Laub of the Northampton County court. Judge Laub had upheld an order of the state Department of Public Instruction directing the Bethlehem board to reinstate Mrs. Brown.

Denied Leave

Mrs. Brown requested a leave in July, 1941. On August 30, 1941, she received a letter from the board indicating her request had been denied and she was asked to resign, but she declined to do so, she said.

The board, in November, 1941, then notified her that she was accused of incompetency and neglect of duty and, after a hearing, adopted a resolution dismissing her.

Mrs. Brown contends that the board admitted that her educational qualifications were satisfactory. In her appeal to the state department, she charged the board with "discrimination and bias" and an "attempt to intimidate, demoralize and coerce all married female school teachers."

FIRE AND BLAST
DESTROYS DAIRY

Erie, Pa., Feb. 27 (AP)—An explosion, followed by fire, destroyed the W. J. Bridger Dairy plant at nearby Kearsarge Thursday causing damage which owner Bridger estimated at more than \$75,000. No one was injured.

Fire Chief Clyde C. Lyons of the Kearsarge Hose company, who is employed as a maintenance man at the dairy, said he and Bridger were working in the bottling room when they heard a sharp, hissing sound, followed by an explosion which rocked the entire building and shattered windows.

The two, driven back by heavy ammonia fumes when they started investigating, warned four other employees to leave the building.

Flames pouring out of the engine and boiler rooms were intensified by an explosion of an oil storage tank, Lyons said. Cause of the fire was undetermined.

MAY ADDRESS SOLONS

Washington, Feb. 27 (AP)—Senator James J. Davis wants Madame Chiang Kai-Shek to speak before the Pennsylvania State Legislature in Harrisburg. The Pennsylvania Republican, in a letter to Chinese Ambassador Dr. Wei Tiao-Ming, seconded an invitation previously extended by the assembly itself.

SEE AGREEMENT
ON FARM PRICE
POLICY ISSUE

Washington, Feb. 27 (AP)—Settlement of differences between the Administration and the Congressional farm bloc over agricultural price policies was predicted in informed quarters Friday following Senate approval of a bill supported by farm-state lawmakers.

The bill, which was passed 78 to 2 with the support of Administration leaders, would nullify that portion of President Roosevelt's stabilization order which requires deduction of government benefit payments in setting price ceilings on farm products.

Senator Bankhead (D-Ala.), author of the measure, predicted committee approval by nightfall of a companion bill in the House.

Under the suggested plan of settlement, it was estimated that farm price advances could be held to less than 5 per cent.

Meanwhile, Senator Johnson (D-Colo.) said he would demand that today's special meeting of the Senate Military committee report out legislation barring the induction of farm workers for military service.

The flood of farm votes engulfed Democratic Leader Barkley of Kentucky, who warned, while supporting the bill, against excesses of legislation that might force "runaway inflation."

Under the Bankhead bill, the Office of Price Administration could not establish ceilings on farm commodities at less than full parity. The farm bloc has been insisting that there be no sub-parity ceilings.

The Administration's 1943 food program proposed benefit payments of one kind or another for cotton, wheat, corn, peanuts and soybeans for vegetable oil, potatoes, dry beans and peas, flax, sweet potatoes, grain sorghums, and vegetable crops. By terms of the President's stabilization order—which would be set aside by the Senate-approved bill—these payments would have been deducted from the parity price in establishing ceilings.

WAR GARDENS
REPORT FILED

As the county Victory Garden committee, headed by William M. Lott, Gardner R. D., prepares for the 1943 program here, a statistical report on the 1942 results is being forwarded to Miss H. B. Eliason, Harrisburg, state chairman, by Richard C. Lighter, secretary of the county V-G committee.

The report shows 398 gardens covering more than 78 acres of land in 16 communities were operated in the county last year by persons who qualified for the Victory Garden certificate of award which was issued last fall. The gardens were operated by 391 families, comprising 1,400 persons.

One hundred and fourteen new gardens were established, 202 old gardens were used and 82 other old gardens were enlarged for the 1942 season.

York Springs had the greatest number of gardens with a total of 53. East Berlin was second with 40, New Oxford, 47; and Gettysburg, 44. McSherrystown, which reported only 28 gardens, showed the largest acreage for any community in the county. Twenty-eight families there worked a total of 12½ acres of land.

Next highest acreage was under cultivation at York Springs which reports 11 acres. Littlestown had nine acres under cultivation by 25 families. In Gettysburg the combined acreage of the Victory Gardens amounted to 263,000 square feet, or about six acres.

Union Is Seeking
More Control Of
Mine Supervisors

Pittsburgh, Feb. 27 (AP)—Disclosure that soft coal operators in the Pittsburgh district are pledged not to grant the United Mine Workers the right to represent supervisory workers today gave the approaching contract conference of operators and union representatives a new obstacle.

UMW President John L. Lewis previously clouded the conference atmosphere with the announcement that, in disregard of the "little steel" wage formula, he would demand a wage increase of \$2 a day over the present \$7 minimum rate. The formula was set in a War Labor Board decision which limited most general wage increases to 15 per cent above the level paid Jan. 1, 1941.

A spokesman for the Western Pennsylvania Coal Operators association said last night that its members felt they could not surrender full powers over foremen, assistant foremen, fire bosses and other supervisor personnel because of responsibility placed on them by state laws as well as the moral responsibility to protect the lives, health and safety of workers.

RADIO
PROGRAMS

New York, Feb. 27 (AP)—All four major networks will carry President Roosevelt's address to the nation on behalf of the Red Cross War Fund drive Sunday at 4:15 p. m. General Dwight D. Eisenhower, speaking from somewhere in North Africa, and Admiral Chester Nimitz from somewhere in the Pacific, also will be heard. The President will be introduced by Norman H. Davis, National chairman of the Red Cross. Another special Red Cross broadcast will be heard over Blue at 9:45 p. m. with Wendell Wilkie speaking from Convention Hall in St. Louis.

PREMIUM PAY
ABOLISHMENT
BRINGS BONUS

By JOSEPH A. LOFTUS
Washington, Feb. 27 (AP)—The War Labor Board laid down a bonus formula Friday for restoring the loss of regular earnings incurred by thousands of workers when the President abolished premium pay for week-ends and holidays, as such.

Bonuses ranging from 5 to 13.8 per cent were awarded employees of the York Safe and Lock company, York, Pa., and the New Britain Machine company, New Britain, Conn. They were worked out by a joint committee of the WLB and the labor department and exactly compensate the workers for their lost premium pay, retroactive to Oct. 1, the date the executive order became effective.

The board found that in both cases "the compensation previously received by these employees in the form of premium pay for work on Sunday constituted an integral part of the agreed wage for their particular jobs." This was demonstrated, the board said, by the execution of collective bargaining agreements covering wages at a time when so-called swing shifts were in effect.

Swing Shifts
Swing shifts are schedules devised to permit continuous, round-the-clock operation and still give each employee a day off in each work week. Usually the employee has a different day off each week. Crews and schedules are so meshed that machines are run continuously seven days a week, night and day.

Prior to last October's executive order, these workers received time and a half for any Saturday they worked, and double time for Sundays and holidays. The disadvantage of that practice was to place a premium on certain days of the week and invite absenteeism on others. Schedules were easily disrupted. The executive order did not abolish premium pay for overtime in excess of a certain number of hours but it did remove the premium for working on Saturdays and Sundays, as specific days of the week. It thereby cut the agreed-upon-earnings of the swing shift workers, without cutting their working time.

Hazleton Store
Gutted By Fire

Hazleton, Pa., Feb. 27 (AP)—Fire starting in a second floor stock room early Friday morning gutted the W. T. Grant company department store here with damage estimated at \$170,000.

A general alarm brought all city companies to the scene but they were unable to save the building. The heat set off a sprinkler system in the adjacent Leader department store, water causing minor damage and on the other side of the Grant building, the Charles store suffered some water damage.

LARGE
PUBLIC SALE

Live Stock, Farm Implements, Etc.
SATURDAY, MARCH 6, 1943
The undersigned, having sold his farm, will have public sale on the above date on his farm in Menallen Township, Adams County, Pa., along the Pine Grove road, 2 miles northwest of Bendersville, of the following:

Live Stock
5 head of Horses and Mules, consisting of one pair of horses, one a good leader, the other off-side worker; one pair of good mules, both leaders; single mule, works anywhere.
23 Head of Milk Cattle, some fresh and close springers; some late summer cows. These cows are Holstein, Jersey and Guernsey. Registered Holstein Bull, one year old; three heifers coming one year old.

Machinery
One Silver King tractor with a set of two-way plows, also cultivators; good grain binder, Massey Harris, eight-foot cut; good Case threshing machine; corn binder, good as new. McCormick-Deering corn husker in good order; riding corn worker; single corn riders.

Haying Machinery—Two Deering mowers, one five and one six-foot cut; side delivery rake; hay loader; three wagons; two sets hay cartriages; three-section lever harrow; two-section lever harrows; steel land roller; culti-packer; new double disk plow; Perry spring tooth harrow; dump cart; 2 dump rakes; new Ideal manure spreader; Ontario grain drill; 2 Oliver Chill plows; platform scales; fodder shredder; six horse-power engine; 3 chopping mills.

Butchering Tools
Copper kettle; 2 iron kettles; 10-plate stove; scalding trough; fanning mill; potatoes by the bushel; some new and some used horse gears; chickens by the piece; some household goods; new electric milk cooler; 8 milk cans, and other articles too numerous to mention.

Sale to begin at 12 o'clock sharp. Terms made known day of sale by
W. E. BROUGH

Five Hospitals Get
Confiscated Liquor

Chester, Pa., Feb. 27 (AP)—Five Chester county hospitals and the poorhouse are going to receive \$1,000 in liquor free, for medical purposes.

The liquor was confiscated from Albert P. De Sanno, Phoenixville industrialist, when he brought it across the state line from Wilmington, Delaware. De Sanno said he planned to pay the state tax, but the county court rule that the seizure was legal and directed police to turn it over to the county institutions.

LIQUOR PROFIT
IS \$33,616,287

Harrisburg, Feb. 27 (AP)—Pennsylvania's state-operated liquor stores had a profit of \$33,616,287 on sales totaling \$171,835,261 in the first 18 months of the current biennium, State Auditor General F. Clair Ross announced today.

Ross said an audit of the period ended last November 28 showed a net profit of 19.56 per cent for the State Liquor Control Board. In the same period in the 1939-41 biennium, he said, the net profit was \$24,631,639.

NAZI RETREAT IN N. AFRICA HOPEFUL SIGN

BY GLENN BABE

Marshal Rommel's nasty retreat after his failure to crack the Allied lines permits a much more hopeful estimate of the results of the battle of central Tunisia than was possible a few days ago. The most important question is the extent to which it has delayed the plans for 1943 adopted a month ago at the Casablanca conference. In those plans the Tunisian campaign was only a preliminary chapter.

Events may prove that the opinion expressed in this column recently, that the United Nations' schedule had been delayed for weeks, perhaps months, was too pessimistic. It remains true that the American forces in Central Tunisia suffered a decisive setback with considerable losses in men and weapons, but since then they, with the help of their British and French allies, have accomplished a comeback that has definitely altered the tactical outlook.

Threat Removed
A week ago Rommel had pushed two strong columns through the Kasserine Pass and was threatening to compel a withdrawal of the entire British First Army to the north. That threat has been removed, and while most of the 4,000 square miles east and south of the mountains which the enemy seized last week still is in his hands, he appears to have been placed in a position much like that of the Americans when he struck from Faid Pass on Feb. 14.

At that time the Americans under General Fredendall held a long, thin front with extended communication lines crossing exposed plateaus. This enabled Rommel to concentrate his strength for a big thrust in overwhelming force at one or two points. Now the German-Italian position is the same. Unless Rommel chooses to retire to the front of two weeks ago he must hold a long, thin line on the eastern side of the Dorsal range, watching every mountain pass in fear that the Allies will break out just as he did at Faid.

"No less heartening than the recovery of territory is the manner in which Fredendall's forces have reacted after their baptism of modern battle. It takes fine troops to absorb such a pounding and then turn and wrest the initiative from the enemy, which is exactly what they have done. In this type of warfare the initiative gives tremendous advantages and the next few days may see those 4,000 square miles shifted back within the Allied lines, assuming that Generals Eisenhower and Alexander consider that advantageous.

Prospects Favorable
Secretary Stimson says that "despite initial reverses the prospects continue favorable" although "we will not have an easy nor a quick victory." This is the judgment of a conservative authority who has the information enabling him to fit the battle of central Tunisia into its proper perspective in the Allies' 1943 program. Our losses, he says, are heavy, but "probably not as severe as first supposed."

But the Germans and Italians also have had serious losses, especially in tanks and other equipment. Losses sustained in a fruitless sortie can be as damaging as those suffered in a static defense, perhaps more so, for they carry the added hurt of hopes disappointed. Rommel's raid may prove to have been just that—a fruitless sortie; his position remains essentially that of the commander of a besieged garrison.

The question of immediate importance is which side can first replace its casualties in men and material. Mr. Stimson says we already have made progress in that direction. But dispatches indicate that the Germans also continue to get large numbers of men and quantities of supplies despite the 33 per cent toll the Allies levy on their Mediterranean convoys.

At all events it appears Rommel's big gamble has not come off. He may have gained a little territory and a little time, but not even that much is certain. It is even possible that the failure of his lunge will hasten his end. Those tanks left beyond the Kasserine Pass may be sorely needed when Alexander's First and Eighth armies really apply the pressure.

Borough Chiefs In Convention

Harrisburg, Feb. 27 (AP)—Problems faced by smaller communities because of the war came before the convention of the Association of opening sessions Thursday.

With several hundred borough officials attending, discussions on legislation and managerial and legal problems arising from the war were listed for the day-long sessions, with President T. F. Chrostwaite of Hanover, presiding.

The association was urged to help maintain "the right of home rule" by William S. Livengood, Jr., secretary of internal affairs, at the opening sessions yesterday.

"Many of our peace-time liberties must be relinquished temporarily in war, but there is one which we must keep at all costs—and that is the right of home rule," declared Livengood.

THE FOLLOWING ITEMS ARE NOT INCLUDED:

Candied Fruits. Jams—Jellies. Potato Salad. Chili con Carne. Olives. Preserves. Fruit Cakes. Pickles. Relishes. Fruit Puddings. Frozen Fruits in containers over 10 pounds. Frozen Vegetables in containers over 10 pounds. Fruit Juices in containers over one gallon. Meat Stews containing some Vegetables. Paste Products—such as Spaghetti, Macaroni, Noodles, whether or not they are packed with added Vegetable Sauces. Vegetable Juices in containers over one gallon. By-products of fruits or vegetables such as soya bean oil, soya bean milk, fruit and vegetable dyes, and similar products.

INSTRUCTIONS.—To find the Point Value of an item:

1. Find out the net weight of the contents (from the label, if any).
 2. In the line across the top of the chart, showing the weight in ounces and pounds, find the column in which this weight belongs.
 3. Find the item in the listing of items in the column to the left.
 4. The POINT VALUE of the item appears on the same line as the item and in the column listing the correct weight.
- All Point Values must be determined by weights. If no weight is marked on the item, the item must be weighed.
- In finding the Point Value of a container where contents are given in fluid ounces, consider the fluid ounce to be the same as the avoirdupois weight ounce. One pint is one pound; one quart is two pounds.

The Point Value of any item weighing over four (4) pounds shall be arrived at by multiplying the number of pounds of that item by the Point Value per pound of that item as given in the "Per Pound" column. Fractions of a pound should be figured in quarter-pounds. Fractions of a quarter-pound should be figured to the next higher quarter-pound. Thus, an item weighing 4 pounds 9 ounces would be considered as weighing 4 pounds 12 ounces for the purpose of getting the Point Value of the item.

One of the greatest success stories of 1942

About a year ago, America was being asked to increase, substantially, its investment in War Bonds.

And no one knew, definitely, just what America's answer to that plea would be. Today, America's answer is clear—written down in black and white for any one to read. And the reading makes as heart-warming and inspiring a story as anything that has come out of this war. Here are some highlights...

In December 1941, there were 3½ million Americans who owned War Bonds. Today, there are over 50 million. A year ago that figure would have seemed fantastic. There is nothing in all history to match that record. Never before have so many people owned such a tremendous stake in their nation and its government. In December 1941, some 700,000 people were investing about four and one-half percent of their earnings in War Bonds

through the Pay-Roll Savings Plan. Today, the 700,000 has swelled to 26 million—the four and one-half percent to nine percent. The MONTHLY investment in War Bonds through the Pay-Roll Savings Plan has grown, in one year, from 8 to 400 million dollars.

Figures like that need little comment. They tell, better than any words, what happened when a free people decided among themselves to lend their government money. Money to help pay for fighting equipment—money to help keep prices down—money to insure peacetime goods and peacetime jobs and a generally decent world to which our fighting men can return.

Peacetime goods and jobs? A decent world? Think what 12 BILLION dollars' worth of War Bonds owned by Americans *right now* can mean in buying power to be released in the years after the war is won. Buying power that can set factories

full of men to making millions of cars and radios and washing machines. Buying power that can set multitudes of other men to building a million new homes for impatient owners. Buying power that can mean better, richer living for every one of us.

And that 12 billion dollars is only a beginning.

For what we have done in '42 to win this war will not be enough to do in '43. Our whole war effort must be expanded. Not a one of us but knows that in the year ahead we must send more men—we must do more fighting—we must build more planes, more ships, more guns—more everything.

And to do this, we must buy *more and more* War Bonds.

Enough more so that when the record is in for 1943, America's War Bond buying will once again be one of the greatest success stories of the year.

HAVING SOLD MY FARM I WILL sell at Public Sale my entire farm stock and machinery on Tuesday, March 16. Francis Culp.

BINGO PARTY: TUESDAY AND Saturday nights, Karas' Store, 237 North Stratton street. Chickens and grocery bags.

I WILL HOLD PUBLIC SALE, March 6th, 1943 of all my livestock and farming implements. W. E. Brough, Aspers, Pa.

AUCTIONEERING WANTED: Auctions or sales, large or small; fully licensed, fees very reasonable, satisfaction guaranteed, your patronage greatly appreciated. H. J. Gochenauer, call Biglerville 5-R-4 or Route 1.

CHICKEN NOODLE SOUP at Trinity Reformed Church, Tuesday, March 2nd. Bring containers.

WE HAVE A LIMITED SUPPLY of spouting for our custom work in Adams county; also roof repairs, weather stripping and caulking. C. Stanley Hartman, phone 950-R-12.

LEGAL NOTICE

IN THE ORPHANS' COURT OF ADAMS COUNTY, PENNSYLVANIA

In re: Estate of Emma F. Gitt, late of the Borough of Littlestown, Adams County, Pennsylvania.

Letters testamentary under the last will and testament of Emma F. Gitt, late of the Borough of Littlestown, Adams County, Pennsylvania.

Letters testamentary under the last will and testament of Emma F. Gitt, late of the Borough of Littlestown, Adams County, Pennsylvania, having been granted to the undersigned, all persons indebted to the said estate are requested to make payment, and those having claims to present the same without delay to:

LEONARD P. WALLER, Lancaster County, Marietta, Pa. and JOHN C. WALLER, Lancaster County, Columbia, Pa. or to their attorneys, JACQUES H. GEISENBERGER, Attorney at law, 40 North Duke Street, Lancaster, Penna., and BULLETT & BULLETT, Execs., First National Bank Building, Gettysburg, Penna.

Unusual Service

Unusual problems are often solved quickly and easily with the help of this Classified Service. It is quite the usual thing for advertisers who have tried all other means to find complete satisfaction here.

Letter to the Editor

Dear Sir:

I wish to convey to you a message of thanks for your fine newspaper. I enjoy reading every article you publish, thereby enabling me to keep up with home town events.

I was inducted January 8th, and am beginning my sixth week of basic training at Fort McClellan, Alabama. I am in the heavy weapons division of the Infantry. The average age of men in our Company is 22 years, and we are fast being shaped into a bunch of rough and tough soldiers. We are all desirous of returning to good old Gettysburg and we are anticipating that furlough. After a 10-mile hike today through Alabama territory, we could really appreciate the beauty of Gettysburg.

I wish to thank you once more for the Times and hope you can soon print headlines announcing peace and victory for the Allies. Success to you.

PVT. DONALD MYERS, Co. C, 20th Eng. Bn. IRTC, Fort McClellan, Alabama

Find Girl, 13, In Chains; Hold Father

Tacoma, Wash., Feb. 27 (AP)—Discovery of a 13-year-old girl with a chain hobble around her ankles led to the arrest of her father.

Prosecutor Thor Tollefson swore out the warrant Thursday for the arrest of Gust Gall for allegedly contributing to the child's delinquency. Gall and his wife are both war industry workers from Bismarck, N. D. They came here a year ago.

Police Officer Ray Gerritzen said the girl, Phyllis, was hobbled with a dog chain and two padlocks, with about 10 inches of slack to allow her to move about the house. The officer said the girl was alone in the house with a baby sister. Assistant Prosecutor Marshall McCormick said he was informed the girl had twice run away from home and had been chained since Tuesday.

Bail for the father was set at \$1,000.

Easy To Please

Minneapolis, Feb. 27 (AP)—Teachers at John Hay school were amazed by one man who came to register for War Ration Book No. 2. He produced four No. 1 books belonging to himself, his wife and their two children. There's wasn't a coupon torn out of any one of the books.

"Don't you use sugar?" a teacher asked him.

"Nope, never use it," he replied.

"How about coffee?" he was asked.

"Never touch the stuff."

"Shoes?"

"Those we have are still good," he said.

He got his No. 2 books without any trouble. The teachers wonder if his family uses canned goods.

Hunterstown

Hunterstown—The missionary society of the Presbyterian church will hold a meeting at the home of Mrs. Edward Taughinbaugh, Saturday afternoon at 2 o'clock. Boxes will be packed to send to the boys from the church in the armed forces and Red Cross sewing will be done.

Jacob Taughinbaugh left Monday morning to spend some time with his son-in-law and daughter, the Rev. and Mrs. Marshal Linton, Philadelphia.

Allen Little, Hanover R. D., spent Sunday with John Little.

Robert Englebert is able to be about after being confined to the house several weeks.

Income Tax

No. 49 DEDUCTION FOR TRAVELING EXPENSES

To obtain a deduction for traveling expenses, which form an important item in the returns of many taxpayers, certain regulations must be observed. The taxpayer is required to attach to his return a statement showing the nature of business in which engaged, number of days away from home during the taxable year on account of business, total amount of expense incidental to meals and lodging, and total amount of "other expenses" incidental to travel and claimed as a deduction. Among the "other expenses" are tips, provided they are reasonable in amount.

Traveling expenses are deductible only when the trip is on business. They are limited to such expenses as are reasonable and necessary in the conduct of the business and directly attributable to it.

Traveling expenses incurred in connection with a journey to another city to accept or seek employment are not deductible. Suburbanites who commute daily from their homes to their place of business are not permitted to deduct the cost of transportation, it being a personal expense.

Claims for deduction for traveling expenses must be substantiated when required by the Commissioner of Internal Revenue, showing in detail the amount and nature of the expense incurred.

Harney

Harney—Mr. and Mrs. D. Michael, Baltimore, visited Sunday with Mr. and Mrs. Morris Haines and daughters and other relatives and friends here.

Mrs. M. O. Tuss and Mrs. I. T. Schildt are reported ill.

Raymond Claybaugh and Thomas E. Eckenrode spent several days in Baltimore this week.

Mr. and Mrs. Roscoe Kiser and son, Charles D., and Eugene E. Eckenrode, of Thurmont, spent Sunday with Mrs. Hannah C. Eckenrode and family.

Mr. and Mrs. Norman Selby and family entertained a number of relatives and friends from Baltimore, Hagerstown and Taneytown at their home over the week-end.

Their son, Private George Selby, Camp Lee, Virginia, was among the guests on Sunday.

Private Raymond Reynolds, Camp Lee, Virginia, spent Sunday with his wife here.

Services at St. Paul's church Sunday: Worship with sermon by the Rev. Rex, Gettysburg, at 9:15 a. m.; Sunday school at 10:15 a. m.

Mr. and Mrs. Harry Cline, Greenstone, spent Wednesday with the late's mother, Mrs. William Kump, and Mr. and Mrs. Harvey Wantz.

White Run

White Run—Mr. and Mrs. Willis Conover have moved from Baltimore to the William Bushman house, near Gettysburg.

Mr. and Mrs. Russell Moul and daughters, Constance, Judy Ann and Nancy, of York, were Sunday guests at the home of Mr. and Mrs. Curtis Kime. Mrs. Kime is a patient in the Warner hospital.

Mr. and Mrs. Herbert Crouse and children, of Hanover, spent Sunday at the home of Mr. and Mrs. Hobson Crouse.

Mrs. Fred Schubauer and daughter, Joan, and son, Jimmie, of Rahway, New Jersey, spent the week-end at the home of her mother, Mrs. Ada Leister.

Mrs. Leroy Levan and son, Alfred, spent the week-end in Mechanicsburg at the home of Mrs. Levan's parents, Mr. and Mrs. B. K. Miller.

Mrs. Louella Minnick spent the week-end among relatives in Harrisburg.

The Ladies Aid society of Grace Lutheran church, Two Taverns, will hold its regular monthly meeting Monday evening.

Abbottstown

Abbottstown—Wayne Krout, son of Mr. and Mrs. Albert Krout, Emmisville, who is visiting at the home of his grandparents, Mr. and Mrs. Edward Krout, fell off a bicycle recently and suffered severe bruises and had several teeth knocked out.

Boys of Abbottstown are organizing a Boy Scout troop under Guy A. Hoke as Scoutmaster. Richard Hoke is the treasurer, Fabin Wildasin and Sterling Berkhimer are officers. They have secured 15 members. The first meeting was held in the school house. Two patrols were formed with Morrell Wildasin and Wilmer Roger as patrol leaders.

On The Silver Screen

MAJESTIC THEATRE

Monday and Tuesday

"CASABLANCA"

Humphrey Bogart Ingrid Bergman

Wednesday and Thursday

"THE PALM BEACH STORY"

Claudette Colbert Joel McCrea

Friday and Saturday

"ANDY HARDY'S DOUBLE LIFE"

Mickey Rooney Lewis Stone

STRAND THEATRE

Saturday

"DEEP IN THE HEART OF TEXAS"

Johnny Mack Brown

MONDAY AND TUESDAY

"Casablanca," starring Humphrey Bogart and Ingrid Bergman, which opened at the Majestic Friday, will continue Monday and Tuesday to complete a four-day engagement.

WEDNESDAY AND THURSDAY

A film with one major purpose—to make you laugh—will arrive at the Majestic theatre next Wednesday with Claudette Colbert and Joel McCrea costarred and Rudy Vallee and Mary Astor featured.

It's Paramount's new Preston Sturges funfest, "The Palm Beach Story" and it is said to be even more of a riot than Sturges' previous hits, "Sullivan's Travels," "The Lady Eve," "Christmas in July" and "The Great McGinty."

"The Palm Beach Story" tells of Claudette's efforts to break away from her down-and-out husband McCrea so she will be free to get him the financial assistance his business needs.

Friday and Saturday

Mickey Rooney, Ann Rutherford and Esther Williams as they appear in "Andy Hardy's Double Life."

"Esther Williams, famed swimming beauty, national champion, and star of Billy Rose's San Francisco Exposition Aquacade, makes her screen debut as Andy Hardy's newest sweetheart."

Miss Williams plays Sheila in the new Hardy production, "Andy Hardy's Double Life," which stars Mickey Rooney.

Her role is that of a sophisticated college girl who succeeds where all the other Andy Hardy girl friends have failed, in wangling a proposal from young Andy.

Problem of the WIRE CAGE

BY JOHN DICKSON CARR

Chapter 32

That look on Nick's face was gone in a flash, and Nick presented to them a vast, fishy calm which nothing could shake.

"So," continued Dr. Fell, "he thought he was safe. He slipped out of the house, moving clumsily but steadily on his crutch. He went down the drive in the gloom of the after-noon. By the garage he met Frank Dorrance coming back from Mrs. Bancroft's. Time, about six minutes past seven. He used a certain pretext—a certain pretext—to get Dorrance into his enclosure Here he killed Dorrance."

Again Dr. Fell drew a deep breath. "Last night Superintendent Hadley and I discussed six points which seemed to lead us conclusively to the way in which this 'miracle' murder was done. I should like to discuss them with you now. The first was a query: How was Dorrance persuaded to go out on the tennis-court? And we can suggest to you something rather more convincing than a wager. You can help us here, Miss White."

"I can?" cried Brenda.

"Now tell me," pursued Dr. Fell quietly. "Did Nicholas Young ever promise to invent you a 'tennis robot'? In your own words, a dummy that will return your strokes so that you can play alone?"

Brenda stared at him.

"Yes, he did. I mentioned it to Hugh on Saturday. Nick's been making promises about it all week. Frank was wildly enthusiastic about it. Frank nagged him to get on with it because Frank was a first-rate player and couldn't get in enough practice."

"Did our friend Nick ever tell you how he intended to invest this dummy?"

"No."

"I imagine not," said Dr. Fell grimly. "He couldn't invent any such thing. But then he didn't have to, because he had his reputation for wonderful ingenuity. All he had to do was persuade Dorrance that he had invented it."

"He met Dorrance outside the gate. He said to Dorrance, 'Well, I've got the idea for my tennis dummy, and I know how to make it work. But I've got to get the exact measurements. You've got to help me; and do it now.'"

"He let Dorrance precede him through the gate. Then, softly and without noise, he made them safe and cozy against interruption. He took a new padlock out of his pocket, and locked it on the gate so that no intruders should be inconvenient witness. Next he went to the pavilion here,"—Dr. Fell gestured—"and fetched out of it a certain article which has been missing since Saturday night."

"Searches both on Saturday night, and on Sunday morning, failed to disclose that article. It was not there; and yet in ordinary household management it should have been there. Maria (as we know) uses this tennis-court to hang up the washing. The basket of clothes-pegs was there, the back of the pavilion among the

rakes. What had happened to the clothes-line?"

Hadley opened the suitcase he had brought with him, and took out a coil of clothes-line, which must have contained fifty feet of line.

"Dr. Nicholas Young, the murderer, had said to him: 'I will show you how my tennis robot will work. But I must have the exact dimensions, so that the dummy will be correct. And, since I am incapacitated, you shall do it for me. Just follow my instructions.'"

"Now watch the scene take form! Mr. Nicholas hands Dorrance the coil of clothes-line. At Nick's direction, Dorrance walks along the grass strip to the designated iron support. Here, at a designated height up from the ground—in fact, at about the height of his own neck—Dorrance ties one end of the clothesline tightly to the pole. He then takes the coil of clothes-line (at Nick's direction) and flings it out into the center of the court. Not wishing to get his shoes more messy than necessary, Dorrance walks back on the grass to the wire door. From here he goes out into the court."

"They are having a lot of fun, these two. It is a great lark, constructing the lines on which the robot is to work. In the center of the court, Dorrance picks up the coil of clothes-line. He flings it to the rest of the way across the court, to the west side, where Nick is waiting outside the wire. Nick fishes up the end of it, by reaching under the wire with his one hand. He raises it to one of two opposite iron supports."

"They have now constructed a sort of tight-rope which stretches straight across the court. It is the trolley (Dorrance thinks) on which a tennis robot will hang and run. It is about the height of his own neck. He has no idea of how it is to work. But he is fascinated, and wild with enthusiasm. And remember: Frank Dorrance was with the one person in the world he really trusted."

"And Old Nick says to him: 'The measurements must be right. We must know the size of the dummy's neck.'"

"It is still a good joke. Dorrance is holding up the rope in the middle, to keep it from sagging to the ground. He will impersonate the dummy. 'I want,' says Nick, 'to get the rope tight, so that it won't sag. But I don't want you to chafe your neck. You are wearing a thick, soft scarf. Pull the scarf as tightly as you can without discomfort, and nestle the rope in against it.' Dorrance complies. With his right hand—as he faces the net—he takes the right side of the rope, lifts it over his head, wraps it round his neck in a loop, pulls the left side of the rope tight, and settles the loop round his neck against the scarf. . . .

"Nicholas Young has an indomitably powerful hand and arm, as any one will agree who has seen him propel his wheel-chair. He has only one hand; but he needs only one. He now has Frank Dorrance's neck caught in a loop between two supports. One end of the rope is tied to an iron pole across the court. The other end is drawn against the op-

New Oxford

New Oxford—Mrs. J. R. Hamm, Carlisle street, was hostess Tuesday evening to the officers and teachers of the First Lutheran Church School.

Ralph Reichert, who has recently discharged from the Hanover General hospital where he underwent an operation for appendicitis, is now able to be about.

The eighty-ninth birthday of Mrs. Rachel Wolf was observed during the past week at her North Peters street home.

A group of women were received into the Rosary Society of St. Mary's Catholic church at appropriate services conducted Sunday evening at the church by the pastor, the Rev. Robert D. Hartnett.

Mrs. Wilber H. Miller, Mrs. William McClain, Mrs. Amos Little, and Miss Kathryn Winand are on the program committee to prepare for the observance of the sixtieth anniversary of the Missionary society of the First Lutheran church. The observance will take place at the

ASK MERIT PLAN ON JOBLESS TAX

Harrisburg, Feb. 27 (AP)—A bill which would reward employers for stabilizing employment by reducing payments into the Unemployment Compensation fund, has "a pretty good chance of passage" Republican Leader Weldon B. Heyburn said today.

He added, however, that the GOP majority had taken no position on the proposal, which was submitted by Senator Frederick L. Henshaw (R.-Lancaster).

The measure proposes a graduated scale of contributions by employers to the Jobless Insurance Fund so that those with little idleness in their plants will pay smaller contributions than those with more unemployment. Contributions would range from one per cent of wages paid to 2.7 per cent, the present rate.

Some Opposition
Opposition to similar merit system plans was heard last September when a legislative committee held hearings on proposed changes in the Unemployment Compensation System.

Roy A. MacGregor of Pittsburgh, a representative of the Constructors' Association of Pennsylvania, opposed such a plan with the assertion employers were "paying the bill now for future unemployment," and that "we are better able to prepare now for conditions after the war than when the benefits are needed."

Lt. Charles Pitzer
At Lubbock, Texas

Second Lieutenant Charles Pitzer, of Gettysburg, is now stationed at the South Plains Army Flying School at Lubbock, Texas.

Following his graduation from Gettysburg high school Lt. Pitzer served a full enlistment in foreign service. Returning to civilian life here he served as a grocery store clerk and bus driver. Later he accepted a civilian position at the Middletown Air Depot and from there enlisted for cadet training in the U. S. Army Air corps. He received his commission and silver wings some time ago upon completion of his training courses.

Riding with Russell

Reg. U. S. Pat. Off. by FREDERICK C. RUSSELL, Member S. A. E.

If it isn't a loose nut that causes an automobile accident too often it's a tight one.

Keeping water out of the fuel system is a matter of common sense and good keeping rather than one of adopting experiments. Alcohol in the gas tank has been found effective in keeping water from freezing, but if he runs low on gas it may give the driver troubles he can ill afford to have at this time. Two things are very important in fighting the menace of water in the fuel line. The first is to empty the fuel filter bowl regularly. The other is to keep the gas tank as nearly full as possible. Any tank that is well down will offer just that much more area of metal to become chilled and thus to encourage condensation.

Always Some Protection

A very interesting question is propounded by A. B. P. who says that cold weather has caused a good deal of speculation as to whether or not an engine will start better if left in the open over night rather than being stored in a cold, damp garage. He had heard that the drier air outside would be less of an obstacle to starting.

I concede that dampness may cause condensation on ignition parts, but this is easily overcome by wiping off these parts with a clean, dry cloth before starting out. No matter how poor the garage it will be found that its temperature isn't as low as the outside air. This means that the car in general will not be so cold if stored. That's important from the standpoint of lubrication.

One of the most valuable books to come on my desk in some years is George Warren's new volume, "Traffic Courts." If you have ever been hauled into court by a way-side constable for a minor infraction of the motor laws you'll be interested in backing the fifty-seven concrete recommendations for traffic court improvement which the author finds justified by the array of facts assembled between covers of this fourth of a series published under the auspices of the National Conference of Judicial Councils. Chairman Arthur T. Vanderbilt of the National Committee on Traffic Law Enforcement views improvements in traffic court procedures as essential to increase "that sound respect for law on which our process of government and our way of living necessarily depend."

I was particularly interested in the history of his honor, the justice of the peace. A compilation shows that there are but 40 in the State of Delaware and 5,500 in Pennsylvania who possess trial jurisdiction over traffic cases.

You'll be interested in the chapter headed "The Fix," that gentle business of using influence to escape normal penalty.

Mechanic Joe Speaking
"When a motorist requires medical treatment too often he knows there is something wrong with his innards, and does something to rectify it. With his car apparently it is different. I have some people drive in here continually to ask for repeat service on the same job, yet never tumble to the fact that this frequency itself means there's something wrong."

"I had a hard time convincing one owner that the reason he was forever having to clean spark plugs was because they were not the right type for the engine. Another owner had to be shown that when a battery needs water more often than every 1000 miles either there's a leak in one of the jars or the charge rate is too high."

Don't wait for symptoms when suspicious of front-end alignment but if you find that the front tire treads are worn all the way across, with a feather edge on the inside edges of ribs, you'll at least know that toe-in is incorrect. Usually the wear will be more pronounced on the right front tire than on the left.

Skip Due to Rings

When the engine hesitates, skips and bucks upon feeding gas after a slowdown there are several things that may be wrong, but one that doesn't come to mind on first thought is likelihood that the piston rings are in bad condition. When the throttle is closed suddenly oil sucks up past the rings, fouls the spark plugs and causes bucking. In any such situation I would be suspicious of the rings. It would be a logical idea to try using some gum solvent in the crankcase oil in an effort to free the rings and let them expand as they should. Any improvement in engine operation after such treatment would strongly hint that the rings needed aid, although we should also remember that valve action will also be improved by solvent.

Among those who are obliged to store their cars the question comes up repeatedly: If the war lasts several years more will the tires still be good?

This is a timely question because it brings to light a fact that has surprised many people who feared that tires would go bad just through sheer age. It has been found that in many cases the rubber in tires still was good after ten years of service. Note, however, the mention of "service." It is a different story when rubber isn't exercised.

All of which goes back to the fact that if there is any way to keep the car running, if only in a limited way, it will thank you for the opportunity to keep in better shape.

Behind the Accident

Why do people have automobile accidents?
An experienced automobile man

tells me that many drivers are not certain how they came to go astray. He pointed to a bad wreck and said its driver was a typical example. The owner had no idea how he happened to run into another car, but a large hole in the crankcase proved that one of the connecting rods had come loose and gone through the case. This had caused a startling noise that distracted the driver. Questioned about this the driver suddenly recalled that just before the accident he had heard a noise and had looked around thinking a tire had blown. The collision followed so closely he had forgotten about the noise.

In the struggle to keep cars running efficiently it is a novelty to look back to the days when cars were simpler but more sensible, and to ponder the possibility that when post-war cars come along engineers may be level-headed enough to bring back some of the ideas of yesterday. Think how useful it would be these days if we could have those little petcocks on top of the engine. A quicker start could be had by opening the petcocks and squirting in a little high test gas.

And do you remember the convenience of one of the earlier models which provided a way to choke and

adjust the carburetor mixture right from the driver's seat?

Having Their Troubles

Q. It seems to be necessary to make the idling mixture of my engine very rich to get things running smoothly, yet that isn't much help when I am trying to better gasoline mileage. Have you any suggestions on this situation? H. L. N.

A. A rich mixture will sometimes compensate for ignition or compression trouble. You will find that there is either uneven compression or faulty ignition. Adjust the engine for a leaner idling mixture and then check into these other conditions and rectify them.

Q. Will you please explain what determines the amount of toe-in needed for front wheels? I notice this varies for different cars and have often wondered why. G. N. P.

A. The most important determining factor is front wheel camber. This is the amount of sidewise inclination of the front wheels. Actual adjustment of toe-in is made by shortening or lengthening the tie-rods.

Q. Do anti-freeze solutions made of ethylene glycol damage aluminum cylinder heads? H. R. K.

A. This sort of anti-freeze isn't harmful to aluminum. However, the usual soda solutions for flushing the cooling system are injurious to aluminum, and it is likely that the cooling system of this car was harmed in this way. Gasket leakage will occur with any type of anti-freeze, or any type of head material, if anti-freeze is used for too long a time as when re-using it for several winters.

Q. Why is wheel balancing recommended only for front wheels, and how will this affect tire switching? W. J. Z.

A. All four wheels should be balanced so that when switching tires balance will be preserved. A tire will wear because of lack of balance whether it is on a rear or a front wheel, but the driver is not so conscious of the unbalance.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him care of The Gettysburg Times and enclose stamped, self-addressed envelope for personal reply.
